**Journal of Arts and Social Sciences Update** ,2008      Early Retirement Patterns in Europe Trudie Schils,2005 The research in this dissertation is targeted at revealing the similarities and differences in European early retirement institutions including unemployment and disability schemes In addition using longitudinal data from a large number of European countries the determinants of early retirement decisions are analysed empirically and the role played by institutions is surveyed This research shows that both less tight entitlement conditions and high generosity of early retirement schemes exert a disincentive effect on staying in work for the older worker Back page      Analytical Atomic Spectrometry with Flames and Plasmas José A. C. Broekaert,2006-05-12 This completely revised second edition of the standard work has been expanded by some twenty percent to include more information on the latest developments and new apparatus In particular sections have been added on microplasmas and new types of spectrometers while that on the rapidly expanding field of speciations with practical examples from life and environmental sciences have been included Still in one handy volume the book covers all the important modern aspects of atomic fluorescence emission and absorption spectroscopy as well as plasma mass spectroscopy in a readily comprehensible and practice oriented manner A thorough explanation of the physical theoretical and technical basics example applications including the concrete execution of analysis and comprehensive cross references to the latest literature allow even newcomers easy access to the methodologies described      **Series Paper** ,1988
