This Jesus Martyr Lord Messiah:

This Jesus Markus Bockmuehl,1996 *This Jesus* Markus N. A. Bockmuehl,1996 Seekers after Jesus today feel akin to those who first wondered about him But the answers to Jesus question Who do people say that I am seems less familiar Prophet teacher and Elijah have been traded in for new Cynic philosopher charismatic rabbi failed revolutionary and emissary of Sophia This Jesus points to a Jesus of history who makes sense within the world of Palestinian Judaism The Parables of Jesus the Galilean Ernest van Eck,2016-08-09 Who do we meet in the stories Jesus told In *The Parables of Jesus the Galilean* Stories of a Social Prophet a selection of the parables of Jesus is read using a social scientific approach The interest of the author is not the parables in their literary contexts but rather the parables as Jesus told them in a first century Jewish Galilean sociopolitical religious and economic setting Therefore this volume is part of the material turn in parable research and offers a reading of the parables that pays special attention to Mediterranean anthropology by stressing key first century Mediterranean values Where applicable available papyri that may be relevant in understanding the parables of Jesus from a fresh perspective are used to assemble solid ancient comparanda for the practices and social realities that the parables presuppose The picture of Jesus that emerges from these readings is that of a social prophet The parables of Jesus as symbols of social transformation envisioned a transformed and alternative world This world for Jesus was the kingdom of God **Jesus as a Figure in History** Mark Allan Powell,1998-01-01 Essential reading for anyone interested in the historical Jesus debate this volume offers a comprehensive and balanced account of research into the person of Jesus A Kryptic Model of the Incarnation Andrew Ter Ern Loke,2016-03-03 The Incarnation traditionally understood as the metaphysical union between true divinity and true humanity in the one person of Jesus Christ is one of the central doctrines for Christians over the centuries Nevertheless many scholars have objected that the Scriptural account of the Incarnation is incoherent Being divine seems to entail being omniscient omnipotent and omnipresent but the New Testament portrays Jesus as having human properties such as being apparently limited in knowledge power and presence It seems logically impossible that any single individual could possess such mutually exclusive sets of properties and this leads to scepticism concerning the occurrence of the Incarnation in history A Kryptic Model of the Incarnation aims to provide a critical reflection of various attempts to answer these challenges and to offer a compelling response integrating aspects from analytic philosophy of religion systematic theology and historical critical studies Loke develops a new Kryptic model of the Incarnation drawing from the Greek word Kryptsis meaning hiding and proposing that in a certain sense Christ's supernatural properties were concealed during the Incarnation **Matthew** William David Davies,W. D. Davies,Dale C. Allison, Jr.,1988-01-01 This volume which completes the internationally acclaimed three volume commentary on St Matthew's Gospel includes a verse by verse and section by section commentary in which all linguistic historical and theological issues are discussed in detail A complete index to all three volumes is included Early Christian Thought in Its Jewish Context John M. G. Barclay,Morna

Dorothy Hooker, John Philip McMurdo Sweet, 1996-06-28 The theme of this volume is that of continuity and discontinuity between early Christianity and its Jewish parent The formation of Christian thought in the context of its Jewish beginnings is the focus of much debate and controversy These essays cover the historical and social background of Palestine and the Diaspora the main components of the New Testament canon and early non canonical writings examining their relationship to the Jewish tradition and central themes including monotheism and Christology apocalypticism ethics and martyrdom The concise treatments with their helpful bibliographies by an international team of experts will be of interest and value to teachers and undergraduate students of the New Testament and Christian origins It puts an alternative complexion on the relationship between Judaism and the convictions of the early Christians and will stimulate discussion Jesus and the Gospels Clive Marsh, Steve Moyise, 2006-06-23 An introduction to the Gospels this book explains why it is that scholars and lay people have such different understandings of the person of Jesus The first half of it looks at the main sources for the life of Jesus while the second half examines the criteria employed by scholars to determine the earliest forms of the tradition

Hays, 2008-10-15 In view of the proliferation of conflicting images of Jesus in the church in the academy and in popular culture it is no wonder that his

identity sometimes appears more elusive than ever Seeking the Identity of Jesus brings together an interdisciplinary group of leading scholars from the fields of biblical studies theology and church history to focus on the complex problems surrounding the quest for the historical Jesus Their perspectives are richly informed by Scripture testimony from the church's past and experience of the risen Jesus in the present Contributors Dale C Allison Jr Gary A Anderson Markus Bockmuehl Sarah Coakley Brian E Daley Beverly Roberts Gaventa A Katherine Grieb Richard B Hays Robert W Jenson Joel Marcus R W L Moberly William C Placher Katherine Sonderegger David C Steinmetz Marianne Meye Thompson Francis Watson

Resurrecting Interpretation Simon Perry, 2012-04-25 Hermeneutics is the work of Hermes the Greek demigod a messenger from the gods and from the dead Simon Perry sets out to explore the contemporary face of Hermes through a reading of Jesus' parable of the rich man and Lazarus Luke 16:19-31 This parable has one distinguishing feature that marks it out from other ancient stories following the same basic storyline that a visitor from the dead is not granted leave to return with a message to the land of the living In order for Scripture to be heard Hermes is not necessary Where does this leave the role of hermeneutics Perry looks to philosophers ethicists and theologians for an answer

Self and Salvation David F. Ford, 1999-03-04 This eagerly awaited book by David F Ford makes a unique and important contribution to the debate about the Christian doctrine of salvation Using the pivotal image of the face Professor Ford offers a constructive and contemporary account of the self being transformed He engages with three modern thinkers Levinas J ngel and Ricoeur in order to rethink

and reimagine the meaning of self. Developing the concept of a worshipping self, he explores the dimensions of salvation through the lenses of scripture, worship practices, the life, death, and resurrection of Christ, and the lives of contemporary saints. He uses different genres and traditions to show how the self flourishes through engagement with God, other people, and the responsibilities and joys of ordinary living. The result is a habitable theology of salvation immersed in Christian faith, thought, and practice while also being deeply involved with modern life in a pluralist world. **Bloodless Atonement?**

Benjamin J. Burkholder, 2017-06-27. Does the Messiah have to die to pay for his people's sins? Is the cross of Jesus an atoning sacrifice? In recent decades, a burgeoning number of theologians have answered the aforementioned questions in the negative. In fact, some like René Girard have gone so far as to assert that seeing the cross as an atoning sacrifice undermines the very essence of the New Testament Gospels. While Girard and others following in a similar vein have offered provocative alterations to soteriology that no longer need Jesus's death to acquire forgiveness from God, does a bloodless atonement have biblical support? Does a nonviolent understanding of the atonement harmonize with the Gospels? This particular volume answers these questions with a fresh look at the Synoptic portraits of the Last Supper accounts. In them, Jesus expounds upon the significance of his death by using the Passover symbols of bread and wine. More importantly, in these passages in the Gospels, we find the fullest articulation of how Jesus's death benefits his followers. Holding a wealth of dense theological riches, these passages provide theological parameters that can inform contemporary soteriological development, especially that which appeals to the New Testament for its basis. Conversant with both biblical studies and contemporary theology, the work seeks to bring the best of both fields into conversation in productive new ways. **New Testament Theology** Eckhard

J. Schnabel, 2023-11-21. Southwestern Journal of Theology 2023 Book Award Honorable Mention. Theological Studies. New Testament Theology is a major new contribution to New Testament scholarship by renowned scholar Eckhard Schnabel. While many New Testament theologies approach the material through a particular thematic construct, e.g., covenant, Schnabel takes a different approach. First, he focuses on Jesus, Messiah, and his significance for the early church. Second, he seeks to describe the theology of the New Testament as it was written and read in its historical context. This approach honors the fact that the authors and original readers of the New Testament were real people dealing with real issues in their specific ecclesiological, cultural, and missiological settings. Schnabel comprehensively combines a historical description of the New Testament's theology with a systematic reflection on the New Testament's message and the convictions of Jesus and his early followers. This valuable contribution to the field will be insightful reading for students, scholars, and pastors.
