The three wishes, by M.E.B. Mary E. Gellie, 1878 *Catalog of Copyright Entries* Library of Congress. Copyright Office, 1969 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1978 Dissolute Characters Bill McCormack, 2017-06-01 Irish literature in English commands world wide respect but it is rarely discussed in a comparative light This study of the making and unmaking of character commences with Balzac s impact on nineteenth century Irish fiction Sheridan Le Fanu links Balzac and Swedenborg to Yeats and anticipates Elizabeth Bowen s deployment of ghost story conventions in the 1940s Through painterly imagery biblical quotation and the distortion of proper names Le Fanu shows character to be a self consuming project Yeats s Parnell emerges as a modernist gothic hero of the 1930s Bowen s *The heat of the day* anatomises the problems of identity bequeathed by Yeats Radically revising the idea of a gothic tradition and traversing two centuries of Irish literary history *Dissolute characters* gives a fluent and detailed account of the emerging relation between Irish culture modernism and politics **Relentless Progress** Jack Zipes, 2013-02-01 Can fairy tales subvert consumerism Can fantasy and children s literature counter the homogenizing influence of globalization Can storytellers retain their authenticity in the age of consumerism These are some of the critical questions raised by Jack Zipes the celebrated scholar of fairy tales and children s literature In this book Zipes argues that despite a dangerous reconfiguration of children as consumers in the civilizing process children s literature fairy tales and storytelling possess a uniquely powerful even fantastic capacity to resist the relentless progress of negative trends in culture He also argues that these tales and stories may lose their power if they are too diluted by commercialism and merchandising Stories have been used for centuries as a way to teach children and adults how to see the world as well as their place within it In *Relentless Progress* Zipes looks at the surprising ways that stories have influenced people within contemporary culture and vice versa Among the many topics explored here are the dumbing down of books for children the marketing of childhood the changing shape of feminist fairy tales and why American and British children aren t exposed to more non western fairy tales From picture books to graphic novels from children s films to video games from Grimm s fairy tales to the multimedia Harry Potter phenomenon Zipes demonstrates that while children s stories have changed greatly in recent years much about these stories have remained the same despite their contemporary high tech repackaging *Relentless Progress* offers remarkable insight into why classic folklore and fairy tales should remain an important part of the lives of children in today s digital culture

Style and Solitude Mari Hvattum,2023-06-06 How modern notions of architectural style were born and the debates they sparked in nineteenth century Germany The term style has fallen spectacularly out of fashion in architectural circles Once a conceptual key to understanding architecture s inner workings today style seems to be associated with superficiality

formalism and obsolete periodization But how did style once defined by German sociologist Georg Simmel as a place where one is no longer alone in architecture actually work How was it used and what did it mean In *Style and Solitude* Mari Hvattum seeks to understand the apparent death of style returning to its birthplace in the late eighteenth century and charting how it grew to influence modern architectural discourse and practice As Hvattum explains German thinkers of the eighteenth and nineteenth century offered competing ideas of what style was and how it should be applied in architecture From Karl Friedrich Schinkel's thoughtful eclecticism to King Maximilian II's attempt to capture the zeitgeist in an architectural competition style was at the center of fascinating experiments and furious disputes Starting with Johann Joachim Winckelmann's invention of the period style and ending a century later with Gottfried Semper's generative theory of style Hvattum explores critical debates that are still ongoing today **The Monthly Literary Advertiser** ,1840
