Fatherhood and Love Alexandra Macht, 2019-09-26 This book explores how contemporary men understand love in the realm of family life and how they integrate it into their identity Drawing from Ian Burkitt's aesthetic theory of emotions Macht presents rich data from qualitative interviews and observations with Scottish and Romanian involved fathers to reveal how they maintain closeness to their children their partners and their own family of origin Reflecting on distances separations power worry and intergenerational experiences of love Fatherhood and Love hypothesizes that fathers identities and emotionality rely on a variety of social relationships in their intimate environment A new concept emotional bordering is introduced to portray the tensions inherent in fathers identities and illuminate why gender progress happens slowly

Engaging with literature on love masculinity culture and father s involvement from a unique perspective this book will be of interest to students and scholars across a range of social science disciplines The Ante-Nicene Fathers Alexander Roberts,2007-05-01 One of the first great events in Christian history was the Council of Nicaea in 325 AD convened to organize Christian sects and beliefs into a unified doctrine The great Christian clergymen who wrote before this famous event are referred to as the Ante Nicenes and the Apostolic Fathers and their writings are collected here in a ten volume set The Ante Nicenes lived so close to the time of Christ that their interpretations of the New Testament are considered more authentic than modern voices But they are also real and flawed men who are more like their fellow Christians than they are like the Apostles making their words echo in the ears of spiritual seekers In Volume I of the 10 volume collected works of the Ante Nicenes first published between 1885 and 1896 readers will find the writings of Clement of Rome the fourth pope who was supposedly martyred by being tied to an anchor and tossed overboard Mathetes an anonymous writer considered the first Christian apologist Polycarp a Christian bishop who was stabbed to death after he failed to burn at the stake Ignatius a student of John the Apostle who was Bishop of Antioch before he was killed Barnabas an anonymous writer given the name of Saint Barnabas Papias author of Interpretations of the Sayings of the Lord a textbook on quotes from Jesus Justin Martyr a Christian apologist and accomplished philosopher and Irenaeus disciple of Polycarp apologist and bishop of Lugdunum

afterlife and legend tied to Egypt and Alexandria Regarding military aspects there are papers focusing on Egypt's strategic significance in 4th century Greek sources as well as on Alexander's conquest in comparison to earlier conquests of the land of the Nile Furthermore they re-examine the chronology of Alexander's stay in Egypt and discuss the founding of Alexandria e.g. by linking it with 4th century urban developments in the Eastern Mediterranean Since Alexander's policy in Egypt is in large part reflected by hieroglyphic inscriptions and papyri other contributions focus on his legitimation as a pharaoh his royal title as well as on Egyptian temples renovated on his order Alexander's expedition to Egypt and the East was also a powerful stimulus for the development of science in antiquity which is covered by papers on the mystery of the flooding of the Nile and the spread of astrology His afterlife and legend is presented in this volume by a nuanced position of Alexander in Ptolemaic ideology and art while further papers scrutinize and dismantle modern scholarly myths of Alexander's sarcophagus and his tomb in Alexandria Methodological approaches from different fields of scholarship such as Ancient History Classical Studies Egyptology and Archaeology are juxtaposed in this volume and may contribute not merely to the study of the Egyptian episode in the history of Alexander the Great

The Complete Concordance to Shakespeare: Being a Verbal Index to All the Passages in the Dramatic Works of the Poet Mary

Cowden- Clarke,1845 **The Falsity of Arianism; Or, the Three Creeds Proved from Holy Scripture, Etc**

ARIANISM.,1719 *Redeeming Gender* Adrian Thatcher,2016 *Redeeming Gender* argues that the problems about sexuality which continue to sap the churches energies are really about gender The dominant understanding of women s bodies in the Christian West has been that they are inferior versions of the superior male body This one sex model of the human body was replaced during the Enlightenment with a model of two opposite sexes However both models are inadequate for a theological or a secular understanding of the sexed body In this innovative work Adrian Thatcher envisages relations between women and men no longer blighted by long term patriarchy androcentrism and sexism in church and world but redeemed from these structural sins by the grace of Jesus Christ Dissected into two parts Part One explains the legacy of both the one sex and two sex theories It uncovers the one sex theory and its assumptions and indicates its presence in early Christian thought It then describes what happened in our social intellectual and theological history which leaves us thinking that there are two sexes In Part Two Thatcher contributes to an emerging theology of gender in which women and men are fully and equally valued and in which sexual difference insofar as it exists at all is capable of transformation into joyful communion reflecting the very life of God the Holy Trinity He exposes the reliance of much Church and theological teaching about sex and gender either on biblical proof texts or upon the language and nomenclature of late modernity rather than upon considerations of Theology and Christology Thatcher also indicates how Theology and Christology in the area of gender envisions the redemption of human relationships The Ology Marty Machowski,2015-10-01 This beautifully illustrated storybook ushers children into a story of adventure mystery and wonder in which they discover life changing truths about God themselves and the world around them
