Waiting at the Mountain Pass Harmandeep Kaur Gill, 2025-03-25 An intimate meditation on aging and dying in exile among elderly Tibetans in Dharamsala India In a Tibetan saying the journey of life is likened to a climb up to a mountain pass Upon reaching it the journey concludes and one must cross over into death and the next rebirth The impermanence of life described by the Buddha as the nature of reality crystallizes at the mountain pass manifesting itself through the painful and arduous descent ahead and a series of sufferings In this book Harmandeep Kaur Gill offers an intimate meditation on the last part of the journey at the mountain pass through closely drawn portraits of elderly exiled Tibetans who aged in Dharamsala India far away from their beloved homeland of Tibet and often alone in the absence of family In Gill s work the mountain pass represents a borderland an in between world where the elderly found themselves living at the crossroad between life and death belonging fully to neither of them It was a time space where everyday life traversed between past and present in darkness and light and in dream and reality as the elderly attempted to come to terms with the realities of their old age By placing relational entanglements and sensations at the heart of its theorization *Waiting at the Mountain Pass* foregrounds an embodied knowing that is care ful hesitant and unresolved in its claims Aiming to bridge the gap between ethics and

epistemology Gill invites the reader to see and listen in a relational and imaginative way where the other reflects back upon the self making the assumed separations between subject and object blurry and unsettling Through meditations on the interrelations of body and mind society and individual and the real and the imagined Waiting at the Mountain Pass provides a sensorial and compassionate understanding of the singularities of life and death in a Tibetan Buddhist world in exile **The**

our highly interconnected and globalized world people often pursue their aspirations in multiple places Yet in public and scholarly debates aspirations are often seen as the realm of younger mobile generations since they are assumed to hold the greatest potential for shaping the future This volume flips this perspective on its head by exploring how aspirations are constructed from the vantage point of later life and shows how they are pursued across time space and generations The aspirations of older people are diverse and relate not only to aging itself but also to planning the next generation's future preparing an ideal retirement searching for intimacy and self realization and confronting death and afterlives Aspiring in Later Life brings together rich ethnographic cases from different regions of the world offering original insights into how aspirations shift over the course of life and how they are pursued in contexts of translocal mobility This book is also freely available online as an open access digital edition Download the open access book here **Eastspirit: Transnational**

tin Routledge Handbook of Highland Asia Jelle J.P. Wouters, Michael T. Heneise, 2022-08-09 The Routledge Handbook of Highland Asia is the first comprehensive and critical overview of the ethnographic and anthropological work in Highland Asia over the past half a century. Opening up a grand new space for critical engagement, the handbook presents Highland Asia as a world region that cuts across the traditional divides inherited from colonial and Cold War area divisions: the Indian Subcontinent, South Asia, Southeast Asia, China, East Asia, and Central Asia. Thirty-two chapters assess the history of research, identify ethnographic trends, and evaluate a range of analytical themes that developed in particular settings of Highland Asia. They cover varied landscapes and communities from Kyrgyzstan to India, from Bhutan to Vietnam, and bring local voices and narratives relating trade and tribute, ritual and resistance, pilgrimage and prophecy, modernity and marginalization, capital and cosmos to the fore. The handbook shows that for millennia Highland Asians have connected far-flung regions through movements of peoples, goods, and ideas, and at all times have been the enactors, repositories, and mediators of world historical processes. Taken together, the contributors and chapters subvert dominant lowland narratives by privileging primarily highland vantages that reveal Highland Asia as an ecumene and prism that refracts and generates global history, social theory, and human imagination. In the currently unfolding Asian Century, this compels us to reorient and re-envision Highland Asia in ethnography, in theory, and in the connections between this world region, made of hills, highlands, and mountains, and a planetary context. The handbook reveals both regional commonalities and diversities, generalities and specificities, and a broad orientation to key themes in the region. An indispensable reference work, this handbook fills a significant gap in the literature and will be of interest to academics, researchers, and students interested in Highland Asia, Zomia Studies, Anthropology, Comparative Politics, Conceptual History, and Sociology, Southeast Asian Studies, Central Asian Studies, and South Asian Studies, as well as Asian Studies in general. Long Lives and Untimely Deaths Barbara Gerke, 2011-12-23 Longevity and long life practices have been a pan-Tibetan concern for a very long time but have hardly been studied by anthropologists. This book presents ethnographic accounts and textual material demonstrating how Tibetans in the Darjeeling Hills, India, view the life span and map out certain life forces in various areas of knowledge. These life forces follow daily, monthly, and annual cycles. Divinations and astrological calculations are widely but varyingly used by Tibetans to assess the strength of life forces and forecast difficult periods in their lives. Loss, exhaustion, or periodic weaknesses of life forces are treated medically or through Tibetan Buddhist practices and rituals. In all these events, temporality and agency are deeply interlinked in the ways in which Tibetans enhance their vitality, prolong their life spans, and avoid untimely deaths.

Luminous Bliss Georgios T. Halkias, 2012-09-30 With an annotated English translation and critical analysis of the Orgyan gling gold manuscript of the short Sukhavatyastra, Pure Land Buddhism as a whole has received comparatively little attention in Western studies on Buddhism despite the importance of Buddha fields, pure lands, for the growth and expression of Mahayana Buddhism. In this first religious history of Tibetan Pure Land literature, Georgios Halkias delves into a rich

collection of literary historical and archaeological sources to highlight important aspects of this neglected pan Asian Buddhist tradition He clarifies many of the misconceptions concerning the interpretation of other world soteriology in Indo Tibetan Buddhism and provides translations of original Tibetan sources from the ninth century to the present that represent exoteric and esoteric doctrines that continue to be cherished by Tibetan Buddhists for their joyful descriptions of the Buddhist path The book is informed by interviews with Tibetan scholars and Buddhist practitioners and by Halkias own participant observation in Tibetan Pure Land rituals and teachings conducted in Europe and the Indian subcontinent Divided into three sections Luminous Bliss shows that Tibetan Pure Land literature exemplifies a synthesis of Mah y na sutra based conceptions with a Vajrayana world view that fits progressive and sudden approaches to the realization of Pure Land teachings Part I covers the origins and development of Pure Land in India and the historical circumstances of its adaptation in Tibet and Central Asia Part II offers an English translation of the short Sukh vat vy ha s tra imported from India during the Tibetan Empire and contains a survey of original Tibetan Pure Land scriptures and meditative techniques from the dGe lugs pa bKa brgyud rNying ma and Sa skya schools of Tibetan Buddhism Part III introduces some of the most innovative and popular mortuary cycles and practices related to the Tantric cult of Buddha Amit bha and his Pure Land from the Treasure traditions in the bKa brgyud and rNying ma schools Luminous Bliss locates Pure Land Buddhism at the core of Tibet s religious heritage and demonstrates how this tradition constitutes an integral part of both Tibetan and East Asian Buddhism

Horses Like Lightning Sienna Craig, 2008-06-28 Horses Like Lightning offers an intimate portrait of an extraordinary culture and tells how one woman found her place in it **Travels in the Netherworld** Bryan J. Cuevas, 2008-04-02 In Travels in the Netherworld Bryan J. Cuevas examines a fascinating but little known genre of Tibetan narrative literature about the d lok ordinary men and women who claim to have died traveled through hell and then returned from the afterlife These narratives enjoy audiences ranging from the most sophisticated monastic scholars to pious townsfolk villagers and nomads Their accounts emphasize the universal Buddhist principles of impermanence and worldly suffering the fluctuations of karma and the feasibility of obtaining a favorable rebirth through virtue and merit Providing a clear detailed analysis of four vivid return from death tales including the stories of a Tibetan housewife a lama a young noble woman and a Buddhist monk Cuevas argues that these narratives express ideas about death and the afterlife that held wide currency among all classes of

faithful Buddhists in Tibet Relying on a diversity of traditional Tibetan sources Buddhist canonical scriptures scholastic textbooks ritual and meditation manuals and medical treatises in addition to the d lok works themselves Cuevas surveys a broad range of popular Tibetan Buddhist ideas about death and dying He explores beliefs about the vulnerability of the soul and its journey beyond death karmic retribution and the terrors of hell the nature of demons and demonic possession ghosts and reanimated corpses Cuevas argues that these extraordinary accounts exhibit flexibility between social and religious categories that are conventionally polarized and concludes that contrary to the accepted wisdom such rigid divisions as elite and folk monastic and lay religion are not sufficiently representative of traditional Tibetan Buddhism on the ground This study offers innovative perspectives on popular religion in Tibet and fills a gap in an important field of Tibetan literature

Arrested Histories Carole McGranahan, 2010-10-01 Argues that some histories including Tibetans armed resistance against the Chinese are arrested deliberately left untold until some future moment when changed circumstances favor their telling
