

GMC SPRINT SERVICE MANUAL

This manual includes procedures for maintenance and adjustments, minor service operations, and removal and installation for components of GMC Sprint Models. Most procedures involving disassembly and assembly of major components for these vehicles are contained in GMC Unit Overhaul Manuals.

The Section Index on this page enables the user to quickly locate any desired section. At the beginning of each section containing more than one major subject is a Table of Contents, which gives the page number on which each major subject begins. An Index is placed at the beginning of each major subject within the section.

Summaries of Special Tools, when required, are found at the end of major sections while specifications covering vehicle components are presented at the rear of the manual.

This manual should be kept in a handy place for ready reference. If properly used, it will enable the technician to better serve the owners of GMC vehicles.

All information, illustrations and specifications contained in this literature are based on the latest product information available at the time of publication approval. The right is reserved to make changes at any time without notice.
