## Thoughts Inside My Mind:

**The Imperial Dictionary, English, Technological, and Scientific** John Ogilvie, 1853      **Why didn't somebody tell me this sooner?** Tiz A. Arnold, 2024-07-10 Do you think you're the only one who's been so embarrassed they wanted to hide? You're not. Think you're the only one who feels insert the name of any emotion here? I can promise you you're not. Think you just don't know how to study? We can fix that: there are research-backed tips to help you study and test better that you've probably never been taught. Think this life isn't really yours, that you're just taking up space in it or going through the motions? No way it's yours, and you have every right to own it. Think you just aren't good at talking to people or you're not likable? There are some simple strategies to help you overcome that. Life is really hard. Being a kid is hard, and being a teenager's even harder. How you navigate the challenges and struggles you face now will influence who you'll become and how you'll interact with others and the world around you for better or for worse. I struggled too, and for far longer than I should've. I've learned as an adult about so much research and so many strategies from the fields of psychology, sport psychology, positive psychology, resilience, and academics that would've helped me lead a better life sooner if only someone had known to tell me about them. Your mental habits get harder and harder to change the older you get, so starting to use these strategies early in life is much easier than waiting until your mental habits get totally hardwired into your brain.

*Ride or Die* Kate Bridges, 2025-06-13 18 When an angel and a demon collide, all hell breaks loose in the most sinful way. Thrown together by chance, their chemistry is explosive; fiery touches, breathless moans, and nights that blur the line between pleasure and obsession. But what neither of them knows is who they truly are to each other. And when the truth surfaces, it threatens to destroy everything. She's light. He's darkness. And in their bed, they're something in between: something raw, dangerous, and addictively forbidden. As secrets simmer beneath the surface, every kiss becomes a risk. Every whispered name a trigger. And every time she calls him Daddy, they both inch closer to a truth that could unravel them. A scorching hot taboo romance filled with mystery, tension, and one earth-shattering secret that changes everything. For mature readers only. Explicit scenes, dark themes, and forbidden dynamics.      **Blackwood's Magazine**, 1842      **The Works of Thomas Reid**
