Samuel Johnson, the Ossian Fraud, and the Celtic Revival in Great Britain and Ireland Thomas M.

Curley, 2009-04-16 James Macpherson's famous hoax publishing his own poems as the writings of the ancient Scots bard Ossian in the 1760s remains fascinating to scholars as the most successful literary fraud in history This study presents the fullest investigation of his deception to date by looking at the controversy from the point of view of Samuel Johnson Johnson's dispute with Macpherson was an argument with wide implications not only for literature but for the emerging national identities of the British nations during the Celtic revival Thomas M Curley offers a wealth of genuinely new information detailing as never before Johnson's involvement in the Ossian controversy his insistence on truth telling and his interaction with others in the debate The appendix reproduces a rare pamphlet against Ossian written with the assistance of Johnson himself This book will be an important addition to knowledge about both the Ossian controversy and Samuel Johnson

Widdowson, 2015-02-20 This collection of Newfoundland folk narratives first published in 1996 grew out of extensive fieldwork in folk culture in the province The intention was to collect as broad a spectrum of traditional material as possible and Folktales of Newfoundland is notable not only for the number and quality of

its narratives but also for the format in which they are presented A special transcription system conveys to the reader the accents and rhythms of each performance and the endnote to each tale features an analysis of the narrator s language In addition Newfoundland has preserved many aspects of English and Irish folk tradition some of which are no longer active in the countries of their origin Working from the premise that traditions virtually unknown in England might still survive in active form in Newfoundland the researchers set out to discover if this was in fact the case Bibliography on Grouting,1978 Bibliography on Grouting Waterways Experiment Station (U.S.),U.S. Army Engineer Waterways Experiment Station,1978
