**A Dictionary of Austronesian Monosyllabic Roots (Submorphemes)** Robert Blust,2022-06-06 This book documents an understudied phenomenon in Austronesian languages namely the existence of recurrent submorphemic sound meaning associations of the general form CVC It fills a critical gap in scholarship on these languages by bringing together a large body of data in one place and by discussing some of the theoretical issues that arise in analyzing this data Following an introduction which presents the topic it includes a critical review of the relevant literature over the past century and discussions of the following 1 problems in finding the root the needle in the haystack problem 2 root ambiguity 3 controls on chance as an interfering factor 4 unrecognized morphology as a possible factor in duplicating evidence 5 the shape structure of the root 6 referents of roots 7 the origin of roots 8 the problem of distinguishing false cognates produced by convergence in root bearing morphemes from legitimate comparisons resulting from divergent descent and 9 the problem of explaining how submorphemes are transmitted across generations of speakers independently of the morphemes that host them The remainder of the book consists of a list of sources for the 197 languages from which data is drawn followed by the roots with supporting evidence a short appendix and references

*Ancient Chinese Medical Texts On Acupuncture For Western Readers* Muhammad Wolfgang G. A. Schmidt,2016-05 The Suwen and the Lingshu form part of the Yellow Emperor s Classic of Internal Medicine with the Nanjing as a separate work complementing this classic These texts are the first known texts on Chinese acupuncture with an age of over 2000 years Regarded as ancient authoritative texts they are still held in high esteem by today s Chinese and Western acupuncturists and are mandatory texts of study in the training of Western and Chinese acupuncture physicians Western readers naturally face tremendous difficulties in accessing these original texts because of the language and cultural gap between their contemporary Western cultural background and ancient Chinese culture This edition of the Chinese texts therefore includes simplified and traditional Chinese character versions of the texts that will enable the reader to study text versions in simplified characters published on the Chinese Mainland as well as those in traditional character versions published outside the Chinese Mainland in Taiwan or Hongkong Complete Latin transcription in Hanyu Pinyin has been added to the Chinese character versions for all the texts so that the reader does not need to spend much time in looking up unknown Chinese characters in the texts A comprehensive Chinese English character and word glossary generated and compiled from the Chinese text corpus in this book is appended at the end of the book for easy reference by Western readers

600 hundred years and 4 million retreated to ROC Taiwan in 1949 after civil war my uncle is one of them The traditional Chinese culture and value are preserved well in Taiwan That s the reason why most of the Fables are from Taiwan 1949 Fables reflect traditional culture virtue and value I found most of the teaching are the same as my hometown old folk s story I heard from grandma and neighbors This course is good for intermediate level students to explore Chinese culture enrich your knowledge about China and Chinese and expand your vocabulary through my elaboration using my unique Vocabulary Builder and Sentence Builder The transmission of Chinese culture from generation to generation is a key factor in the continuation and development worldwide of overseas Chinese communities It is also an important reason why overseas Chinese communities grow identify themselves with the Chinese nation and love the China passionately The face that all overseas Chinese are willing to carry forward cultural orthodoxy revere the aged and honor the wise cement peaceful relations by upholding good faith venerate ethics value tradition coexist in harmony and preserve differences while striving for similarities is attributable above all to the civilizing educational impact of Chinese culture Culture is the driving force behind human history and civilization it is like running water a source of nourishment and growth that never stagnates To propagate and advance culture it is necessary to carry on tradition in all its original beauty and at the same time to instill it with a modern spirit
