Where Hummingbirds Come from Bilingual French English Adele Marie Crouch, Megan Gibbs, Yakeen Herve Rafalli, 2011-08-01 This delightful little story tells of a young girl's time with her grandmother as she relates to a legend of Where Hummingbirds Come From Grandmother explains the magic waters and the beauty of this tiny bird Where Hummingbirds Come From may well become an all time children's classic and a perfect book for the young reader As well as a wonderful study guide for English as a second language students *MADAME BOVARY (Bilingual Edition: English-French)* Gustave Flaubert, 2017-10-06 Madame Bovary is the French writer Gustave Flaubert's debut novel The story focuses on a doctor's wife Emma Bovary who has adulterous affairs and lives beyond her means in order to escape the banalities and emptiness of provincial life Though the basic plot is rather simple even archetypal the novel's true art lies in its details and hidden patterns Flaubert was a notorious perfectionist and claimed always to be searching for *le mot juste* the precise word Madame Bovary takes place in provincial northern France near the town of Rouen in Normandy The story begins and ends with Charles Bovary a stolid kindhearted man without much ability or ambition Gustave Flaubert 1821 1880 was an influential French writer who was perhaps the leading exponent of literary realism of his country The celebrated short story writer Maupassant was a protégé of Flaubert **Madame Bovary - Interactive Bilingual Edition (English / French)** Gustave Flaubert, 2015-05-11 This carefully crafted ebook Madame Bovary Interactive Bilingual Edition English French is formatted for your eReader with a functional and detailed table of contents Madame Bovary is the French writer Gustave Flaubert's debut novel The story focuses on a doctor's wife Emma Bovary who has adulterous affairs and lives beyond her means in order to escape the banalities and emptiness of provincial life Though the basic plot is rather simple even archetypal the novel's true art lies in its details and hidden patterns Flaubert was a notorious perfectionist and claimed always to be searching for *le mot juste* the precise word Madame Bovary takes place in provincial northern France near the town of Rouen in Normandy The story begins and ends with Charles Bovary a stolid kindhearted man without much ability or ambition Gustave Flaubert 1821 1880 was an influential French writer who was perhaps the leading exponent of literary realism of his country The celebrated short story writer Maupassant was a protégé of Flaubert **Remade in France** Valérie Saugera, 2017 Remade in France Anglicisms in the Lexicon and Morphology of French chronicles the current status of French Anglicisms a popular topic in the history of the French language and a compelling example of the influence of global English The abundant data come from primary sources a large online newspaper corpus for unofficial Anglicisms and the dictionary for official Anglicisms and secondary sources This book examines the appearance and behavior of English items in the lexicon and morphology of French and explains them in the context of French neology and lexical activity The first phase of the latest contact period 1990 2015 has its own complex linguistic characterization including a significant influx of nonce borrowings and very low frequency Anglicisms heterogeneous and creative borrowing outcomes and direct phraseological borrowing

This book is a counterargument to the well known criticism that Anglicisms are lexical polluters. On the contrary, the use of Anglicisms requires the inventive application of complex linguistic rules and the borrowing of Anglicisms into the French lexicon is convincing proof that language change is systematic. The findings bring novel interdisciplinary insights to the domains of borrowing in a non bilingual contact setting, global English as a source of lexical creativity in the French lexicon, the phases, patterns and processes of integration of English loanwords, the morphology of borrowing and computational corpus linguistics. The appended database is a snapshot of a synchronic period of linguistic contact and a useful lexicographic resource.
