**Once upon a time, there lived a lion in a forest. One day after a heavy meal. It was sleeping under a tree. After a while, there came a mouse and it started to play on the lion. Suddenly the lion got up with anger and looked for those who disturbed its nice sleep. Then it saw a small mouse standing trembling with fear. The lion jumped on it and started to kill it. The mouse requested the lion to forgive it. The lion felt pity and left it. The mouse ran away. On another day, the lion was caught in a net by a hunter. The mouse came there and cut the net. Thus it escaped. Thereafter, the mouse and the lion became friends. They lived happily in the forest afterwards.**

**Marketplace** Ana Cristina Mendes, 2016-03-23 Taking up the roles that Salman Rushdie himself has assumed as a cultural broker gatekeeper and mediator in various spheres of public production Ana Cristina Mendes situates his work in terms of the contemporary production circulation and consumption of postcolonial texts within the workings of the cultural industries Mendes pays particular attention to Rushdie as a public performer across various creative platforms not only as a novelist and short story writer but also as a public intellectual reviewer and film critic Mendes argues that how a postcolonial author becomes personally and professionally enmeshed in the dealings of the cultural industries is of particular relevance at a time when the market is strictly regulated by a few multinational corporations She contends that marginality should not be construed exclusively as a basis for understanding Rushdie's work since a critical grounding in marginality will predictably involve a reproduction of the traditional postcolonial binaries of oppressor oppressed and colonizer colonized that the writer subverts Rather she seeks to expand existing interpretations of Rushdie's work itineraries and frameworks in order to take into account the actual conditions of postcolonial cultural production and circulation within a marketplace that is global in both orientation and effects
