## **Who Am I Anyway:**

**Who Am I?** Tony, 2013-06-14 This book was written during some of the most intense compounding and suffering moments that I experienced What is meant literally to be head pounding and raging emotional cycles of extreme bliss to chaos and back This book is a creation through me of that nature and the strength for which is preserved within it It is a story of survival knowledge and wisdom An expression of the catacomb of life force that is also the representation of us all not as a tomb but as a vault of knowledge experiences and wisdom built on the ages of human existence from the beginning to the end I want you all to know that in the end I found gratitude for the experience even though the vortex was the most horrifying place to go Many have suffered its fate to a dismal ending of suicide yet I am a survivor one who has converted its negative energies to the positive force This force that is passed from one to another looking to focus in had found itself challenged by my own wit desires and struggles to find the truth The knowledge of its existence and the beholder of its cycle should be known by all of us so that it can be nourished for the good of humanity not the control of them The Satanist views of the days past have been inverted for the enlightenment has taken hold and will endure for the future existence of humanity My experience was like the Manchurian candidate 7 billion fold God bless him who has the strength to withstand this vortex in the next cycle God bless you all *Hearings* United States. **Up from the Bottom** Alastair Sharp, 2008-12-12 No one would ever regard the insignificant muddy watercourse that wanders through the eastern suburbs of Melbourne Australia as iconic or mystical There is nothing of the Ganges or the Thames or the Mississippi about the Yarra Most people barely notice it s there and those who do tend to disparage its effluence Yet for the two men who have spent most of their lives keeping the Yarra channels flowing there is a

kind of divine power there From a family tradition of riverboat men identical twins Jay and Vic Walker see their almost religious respect for the river confirmed when their dredge brings up a small fortune the river s gift The gift however is conditional it comes with responsibility one that consumes them and changes their otherwise humdrum simple lives indelibly Birthdays mark the significant steps in the Walkers story and on his 50th birthday looking back Jay attempts to make sense of his journey From the temporary sanctuary of his hospital room gently impelled forward by his psychiatrist he records the events as a birthday present for the eight year old boy in his family Steadily unravelling the Walker history into a tape recorder he narrates their trajectory from the dredge s revelation purchasing their identical Honda Gold Wings and then encountering the homeless Mo Heany on her beaten up Yamaha When they invite her to become their housekeeper their lifestyle changes irrevocably At the same time their dredging days give way to a very different kind of craft all fuelled by the secret stash under the barbecue in their backyard However as Jay comes to understand ever more deeply the river has its price and ultimately the price must be paid What is dredged up must be accounted for Who is responsible for the mysterious and deadly explosion on the tourist boat Who in fact is the real father of the child The tape recording narrator s portrayal of his own world may be rather different from how the world really is *Hearings* United States.
