book In Search of a Love Story Rachel Schurig, 2012-05-09 Emily Donovan doesn't have a romantic bone in her body. At least that's what her friends Ryan and Ashley keep telling her. They're convinced her bad luck with men is directly related to her life-long lack of interest in all things romantic. When Emily's latest relationship crashes and burns, she decides to go along with her friends' plans for a romance research project. Sure, the idea that she'll have better luck if she learns about the great romances of literature and film seems a little silly, but Emily figures it can't hurt. In no time at all, Emily finds herself buried under a mountain of romance novels, chick flicks, and sappy love songs, hopeful that her hard work will pay off with true love. When she meets Greg, Ashley, and Ryan are convinced she's found Prince Charming after all: he's rich, handsome, and totally into Emily. What more could she want? And why does it seem that her friend Elliot isn't exactly happy for her? Faced with misunderstandings, miscommunications, and a seemingly endless string of missteps, she is nevertheless determined to give true love a try. In doing so, Emily will eventually find that true romance—the kind that lasts—has little to do with stereotypes or clichés and everything to do with finding out what's in her own heart.

North Carolina Women Michele Gillespie, Sally G. McMillen, 2014 This first of two volumes on North Carolina women chronicles the influence and accomplishments of individual women from the pre-Revolutionary period through the early 20th century. They represent a range of social and economic backgrounds, political stances, areas of influence, and geographical regions within the state. Even though North Carolina remained mostly rural until well into the twentieth century, and the lives of most women centered on farm, family, and church, Gillespie and McMillen note that the state's people exhibited a progressive streak that positively influenced women. Public funds were set aside to advance statewide education; private efforts after the Civil War led to the founding of numerous black schools and colleges, and in 1891 the General Assembly chartered the State Normal and Industrial School, later UNC-G, as one of the first publicly funded colleges for white women. By the late 19th century, as several essays in this volume reveal, education played a pivotal role in the lives of many white and black women. It inspired their activism and involvement in a world beyond their traditional domestic sphere.

Growing Up in San Francisco and Other Stories Claude J. Boyd, 2007-11 As a young boy growing up in California, Claude Boyd rode precariously down the famous San Francisco hills on homemade coasters made of doors and old roller skate wheels. As a teenager, he chased purse snatchers in his father's 1939 Graham Paige automobile. With such an adventurous beginning to his life, it's no surprise that Claude Boyd's autobiography is filled with many more lively anecdotes, one of which involves a fake turkey made from a brown paper bag and two turkey legs placed in the street for some unsuspecting soul to discover on Thanksgiving. He describes his enlistment in the Army and his subsequent year spent in peacetime Korea, where his first assignment is to set up a prison library. After he earns his college degree, he eventually moves to Thule Air Force Base in northern Greenland, where he begins a new experience in the arctic tundra. Boyd concludes with the story of his transcontinental courtship and subsequent marriage that has lasted over fifty years. Combined with photographs, Claude Boyd's humorous true story captures the essence of what life
