Damage Control Frank E. Bird, George L. Germain, 1966 This book makes a strong case for investigating accidents not just those cases which produce injuries The study of accidents instead of injuries does not downgrade the importance of preventing human injury Rather it recognizes that many no injury accidents might have resulted in personal injury property damage or both If the causes of accidents whether or not they result in injury can be ferreted out if it can be determined what unsafe conditions or unsafe acts or any combination was responsible for the accident there is reason to believe that greater progress in preventing accidents and injuries is possible
