Rezer,2009-04-02 The Leper King is a story of authentic history and imaginative fantasy interwoven with faith and love war and magic set amidst the turbulent times of the Crusades Upon the premature death of his father BALDWIN IV stricken with leprosy from a young age ascends to the throne of Jherusalem at the age of thirteen Immediately enemies threaten his reign as war looms with the great leader of Islam SALEHDIN Guided by his trusted friend and Chancellor Archbishop WILLIAM of Tyre the young leper sets out to prove himself worthy of the crown despite the political intrigues of his own High Court Among those at Court with whom he must contend are his recently returned mother AGNES de Courtenay a grasping woman of immoral character and his sister SIBYLLA who comes to Court after spending most of her life shut away from the world in a convent to marry a Western lord against her will Being a minor Baldwin must submit to the Regency of his much older cousin RAYMOND III of Tripoli but the young king chaffs beneath the Regents authority longing to put it behind him so he can pursue his own course of action against the enemy While Raymond continually argues for peace with the Muslims Baldwin and the new lord of Kerak REYNALD de Chtillon hope to bring the Sarrazins to war before the sultans power grows too strong to push back Unbeknownst to the king and the lords of Outremer an old and secret cabal of heretic conspirators known only as the Order of Sion led by one AMALRIC de Lusignan that seeks to gain control of the kingdom Their purpose is to proclaim a new form of Christianity with Jherusalem as its ecclesiastical seat of power in opposition to Rome and to crown a sacred king of their own making That sacred king is none other than Amalrics brother GUION de Lusignan whom they claim is a blood descendant of Jhsu Christ In this conspiracy two influential men of the kingdom aid them HERACLIUS Archbishop of Caesarea and OTHON de Saint Amant Master of the famed warrior monks the Knights Templar Saint Amant however is a deeply conflicted man who begins to question how Sion and the secretive master he reluctantly follows is manipulating him and his Order With Agnes diseased son crowned king it isnt long before Lusignan draws her into the intrigues of the conspiracy as well with the belief she can protect her son Seeking divine guidance in the Church of the Holy Sepulcher in the aftermath of battle Baldwin meets by chance an elderly woman who thanks him for a simple act of his kindness He is astonished though when she casts aside her cloak and disguise revealing to him that she is MARY MAGDALEN a beautiful and immortal woman of Faerie who vows to guide and befriend him Only later does she tell him that his leprosy is not the

result of disease but of a magic spell cast by an unseen enemy a spell that not only devours the king's life but also becomes the enemy's own undoing So begins a tale of history and fantasy in which a young king must determine whether his faith or fate will guide him in the defense of his fragile kingdom Visit the Authors Website at www.scottrezer.com to learn more about the novel and to read the prologue **Active Packaging for Food Applications** Aaron L. Brooklyn Medical Journal ,1899 *Index of Patents Issued from the United States Patent Office* United States. Patent Office, 1956 *William Sharp (Fiona Macleod)* Elizabeth Amelia Sharp, 2014-12-11 Example in this ebook When the secret of the identity of Fiona Macleod so loyally guarded by a number of friends for twelve years was finally made known much speculation arose as to the nature of the dual element that had found expression in the collective work of William Sharp Many suggestions wide of the mark were advanced among others that the writer had assumed the pseudonym as a joke and having assumed it found himself constrained to continue its use A few of the critics understood Prof Patrick Geddes realised that the discussion was productive of further misunderstanding and wrote to me Should you not explain that F M was not simply W S but that W S in his deepest moods became F M a sort of dual personality in short not a mere nom de guerre It was not expedient for me at that moment to do so I preferred to wait till I could prepare as adequate an explanation as possible My chief aim therefore in writing about my husband and in giving a sketch of his life has been to indicate to the best of my ability the growth and development in his work of the dual literary expression of himself The most carefully compiled record of a life can be but partially true since much of necessity must be left unsaid A biographer moreover can delineate another human being only to the extent of his understanding of that fellow being In so far as he lacks not only knowledge of facts but also the illumination of intuition and sympathy to that extent will he fail to present a finished study of his subject And because no one can wholly know another because one of necessity interprets another through the colour of his or her mind I am very conscious of my own limitations in this respect As however I have known William Sharp for more consecutive years than any other of his intimate friends I perhaps am able therefore to offer the fullest survey of the unfolding of his life

though I realise that others may have known him better than I on some sides of his nature in particular as he impressed those who had not discovered or were not in sympathy with the F M phase in him The life of William Sharp divides itself naturally into two halves the first ends with the publication by W S of Vistas and the second begins with Pharis the first book signed Fiona Macleod It has been my endeavour to tell his story by means of letters and diaries of letters written by him and of others written to him concerning his work and interests To quote his own words A group of intimate letters written with no foreseen or suspected secondary intention will probably give us more insight into the inner nature of a man than any number of hypothetical pros and cons on the part of a biographer or than reams of autobiography I know Keats for instance far better through his letters than by even the ablest and most intimate memoirs that have been written of him the real man is revealed in them and is brought near to us till we seem to hear his voice and clasp his hand The diaries are fragmentary They were usually begun at each New Year but were speedily discontinued or noted down intermittently during a sojourn abroad as a record of work He was a good correspondent both as W S and F M I have thus tried to make the book as autobiographic as possible by means of these letters and diaries and I have added only what has seemed to me necessary to make the narrative sequent Unfortunately letters have not been available from several valuable sources and I regret the absence of any written by him to Walter Pater George Meredith Theodore Watts Dunton Arthur Symonds and to one or two of his most intimate friends To be continue in this ebook
