**Translating the Bible Into Action, 2nd Edition** Margaret Hill, Harriet Hill, 2022-06-15 When Jesus was born to Mary, God translated himself into our human world. This act of God's translation continues today wherever the gospel is expressed in each language and lived out in each culture that makes up our diverse world. Unfortunately, the church often ignores its cultural and linguistic diversity and instead imposes a dominant language and culture for expressing faith. This textbook seeks to challenge that situation. By identifying common barriers that prevent people from engaging with Scripture, the authors explore the ways churches can maintain unity in Christ and celebrate the diversity of their membership. Addressing a wide range of relevant issues and using practical applications, this revised and updated edition re-establishes the importance of good contextual Scripture engagement. A key resource in helping church leaders encourage people to communicate with God in their own language and to discover that Christ wants to make himself at home in their world.

**The Recovery-Minded Church** Jonathan Benz, 2015-12-08 You want to have vibrant relationships with those who struggle with addiction in your church and community. **From Sin to Disease** Jonathan K. Okinaga, 2022-09-23 Since Benjamin Rush first introduced the disease of wills as the cause of alcoholism a steady and slow infiltration of the disease model has infected how the church treats those who struggle with addictions The first organization that truly sought to remove the soul care of addicts from the church was Alcoholics Anonymous AA through their bestselling The Big Book of AA and the introduction of the 12 Steps AA's influence on how the church confronts addiction still reverberates today with many of the ministries that address addiction firmly rooted in what can be found in AA literature Addictions were once viewed as an issue caused by sin and best addressed through faith and prayer Currently addiction is seen through the lens of disease The ramifications are consequential as more church members are struggling with addictions than ever before Tracing the progression of addiction from sin to disease will reveal that the SBC and its churches have been negligent in understanding the underlying foundations of AA and the influence that the medicalization of substance abuse has had on how churches approach what should be classified as a sin issue
