Forever Young Claude Nougat,2014-05-20 Wonder about the world of our great great grandchildren Who will survive This is the fourth episode of **FOREVER YOUNG** a climate fiction hard science fiction novel in 4 episodes set 200 years from now Life on earth is headed for extinction and society is divided between the ultra rich and the rest who suffer the full onslaught of climate change and pollution Part One explores the costly Age Prevention Programme APP and what it means to belong to it or remain outside for Alice a lovely Swiss nurse for ambitious Lizzie a talented golf player the descendant of the mythical Tiger Woods and for adventurous Jamie a brilliant reporter for the World and US Post Part Two

The Immortality Trip is the name given to the project to transport a contingent of One Percenters to the nearest liveable exoplanet and settle it. Will Jamie Lizzie and Alice be able to board that trip? Part Three: The Hibernation party introduces the other option opened to One Percenters to survive extinction: take refuge on Antarctica, the last virgin continent. Jamie discovers the dangers of this option when Gary Trude, the head of the Hibernation Party, a despot with Hitler's dangerous ambitions, threatens him and his friends. Can they escape from Gary Trude? Part Four: The Longevity Gene introduces yet another twist in this tormented future world: can a gene make a difference for survival of the human race, and why is Gary Trude focused on it? Meanwhile, our friends are set to fly to the Forever Planet, but will they all make it? The novel, classified as both a hard science fiction and a climate fiction novel, interweaves several plot lines. The first chronicles the love triangle between Alice, Lizzie, and Jamie. The second covers the only two options left to save humanity, both reserved to One Percenters: one escape to another pristine planet a thousand light years away, the other retreat to Antarctica, the last virgin continent. A ruthless rivalry develops between those who aim to stay on Earth and those bent on escaping to another world. The third follows the murderous attempts of one determined 99 Percenter, Ernie, a retired Blue Beret who is hell-bent on carving a place for himself in the Age Prevention Program.

NOTE TO THE READER This book follows the model of serialized novels like Hugh Howey's best-selling *WOOL* and is published in four separate parts, each self-standing. It is, however, preferable to read them in order as follows: Part One: Gateway to Forever; Part Two: The Immortality Trip; Part Three: The Hibernation Party; Part Four: The Longevity Gene. The omnibus edition containing all four parts is also available.

The Catholic Church Cynthia Stewart, 2008. *The Catholic Church: A Brief Popular History* is an engaging and informative survey of the major people, periods, and events in Church history. Designed with the introductory student in mind, the text is both accessible and thorough. An engaging vignette opens each chapter, drawing the reader in by encouraging a personal connection to the people of the time. A chapter overview then signals the material to follow. Throughout the text, sidebars highlight key persons and events; excerpts from primary sources enrich the reading; connections with the Church today add relevance; and end-of-chapter questions prompt reflection and review. Altogether, *The Catholic Church: A Brief Popular History* provides a solid foundation in major theological themes and prepares students for further study.

Drunken Space Pirates! Phoenix Freebird A., 2009-06-30 Running from a mutinous crew sucked through a wormhole like in a bad sci fi movie and slowly running out of booze and that's just the beginning of this non traditional story that starts off as a simple captain's log book and evolves into something more like a really warped and twisted TV show in text Follow the Captain and crew on a series of seemingly random adventures where it's obvious it's not just the Captain who's been drinking At some point you may ask yourself is all this just coincidence or is there something dark and annoying on the horizon The Captain seems to have a drinking problem the problem being he never has enough to drink and people from his past keep showing up and ruining his buzz Akki a corrupted artificial intelligence who occasionally takes over the Captain's log has his own plans mostly self serving ones because he has nothing better to do The rest of the crew pirates hot chicks robots and a foul beaked little space penguin round out the Drunken Space Pirates and with all the wise cracks and shots aimed at everyone and everything it's clear the alcohol flows rather freely within the D S P Many of the off the wall characters of the D S P are walking guilty pleasures who say what they feel do what they want and just generally give it to life pop culture and the universe in general with both
