Sideways Down the Sky Barry Brennessel, 2024-12-14 In the land of snow monsters and steam baths complex characters as diverse as the Japanese terrain experience lust loss and love A young boy performs a daring rescue A woman loses her old life to face an uncertain new one A teenager suffers through a cataclysmic event Unusual bonds form at the Tokyo Olympics A rent boy's hardened heart melts when he meets a sexy buoyant stranger Much like the Japanese islands themselves there is commonality to be found among myriad differences The poet the musician the artist the tortured mother the bankrupt father the protective brother they all know that there's a new day awaiting them after the moon slips sideways down the sky Finalist for the Ferro Grumley Award for LGBT Fiction in the 27th annual Triangle Awards

A HUNDRED VERSES FROM OLD JAPAN Various, 2009-11 The Hyaku nin isshiu or Single Verses by a Hundred People were collected together in A.D. 1235 They are placed in approximate chronological order and range from about the year A.D. 670 Perhaps what strikes one most in connection with the Hyaku nin isshiu is the date when the verses were written most of them were produced before the time of the Norman Conquest A.D. 1066 and one cannot but be struck with the advanced state of art and culture in Japan at a time when Europe was still in a very elementary stage of civilization The Collection consists almost entirely of love poems and what the editor calls picture poems intended to bring before the mind's eye some well known scene in nature and it is marvellous what effect little thumbnail sketches are compressed within thirty one syllables Some show the cherry blossoms which are doomed to fall the dewdrops scattered by the wind the mournful cry of the wild deer on the mountains the dying crimson of the fallen maple leaves the weird sadness of the cuckoo singing in the moonlight and the loneliness of the recluse in the mountain wilds while those verses which appear to be of a more cheerful type are rather of the nature of the Japanese smile described by Lafcadio Hearn as a mask to hide the real feelings Japanese poetry differs very largely from anything we are used to in the West It has no rhyme or alliteration and little if any rhythm as we understand it The verses in this Collection are all what are called Tanka which has five lines and thirty one syllables arranged thus 5 7 5 7 7 which is an unusual metre for Western ears For this translation the editor has adopted a five lined verse of 8 6 8 6 6 metre with the second fourth and fifth lines rhyming in the hope of retaining at least some resemblance to the original form while at the same time making the sound more familiar to English readers A percentage of the net sale will be donated to charities specialising in educational scholarships YESTERDAY'S BOOKS for TOMORROW'S EDUCATIONS
