Am I a Snob? Sean Latham, 2018-08-06 Is there a great divide between highbrow and mass cultures Are modernist novels for by and about snobs What might Lord Peter Wimsey Mrs Dalloway and Stephen Dedalus have to say to one another Sean Latham's appealingly written book *Am I a Snob* traces the evolution of the figure of the snob through the works of William Makepeace Thackeray Oscar Wilde Virginia Woolf James Joyce and Dorothy Sayers Each of these writers played a distinctive role in the transformation of the literary snob from a vulgar social climber into a master of taste In the process some novelists and their works became emblems of sophistication treated as if they were somehow apart from or above the fiction of the popular marketplace while others found a popular audience Latham argues that both coterie writers like Joyce and popular novelists like Sayers struggled desperately to combat their own pretensions By portraying snobs in their novels they attempted to critique and even transform the cultural and economic institutions that they felt isolated them from the broad readership they desired Latham regards the snobbery that emerged from and still clings to modernism not as an unfortunate by product of aesthetic innovation but as an ongoing problem of cultural production Drawing on the tools and insights of literary sociology and cultural studies he traces the nineteenth century origins of the snob then explores the ways in which modernist authors developed their own snobbery as a means of coming to critical consciousness regarding the connections among social economic and cultural capital The result Latham asserts is a modernism directly engaged with the cultural marketplace yet deeply conflicted about the terms of its success

Reconsidering the Emergence of the Gay Novel in English and German James P. Wilper, 2016-02-15 In *Reconsidering the Emergence of the Gay Novel in English and German* James P Wilper examines a key moment in the development of the modern gay novel by analyzing four novels by German British and

American writers Wilper studies how the texts are influenced by and respond and react to four schools of thought regarding male homosexuality in the late nineteenth and early twentieth centuries The first is legal codes criminalizing sex acts between men and the religious doctrine that informs them The second is the ancient Greek erotic philosophy in which a revival of interest took place in the late nineteenth century The third is sexual science or sexology which offered various medical and psychological explanations for same sex desire and was employed variously to defend as well as to attempt to cure this perversion And fourth in the wake of the scandal caused by his trials and conviction for gross indecency Oscar Wilde became associated with a homosexual stereotype based on unmanly behavior Wilper analyzes the four novels Thomas Mann s Death in Venice E M Forster s Maurice Edward Prime Stevenson s Imre A Memorandum and John Henry Mackay s The Hustler in relation to these schools of thought and focuses on the exchange and cross cultural influence between linguistic and cultural contexts on the subject of love and desire between men Indian Themes in English Fiction Bhagban Prakash,1994
