Sexualized Violence In Vietnam War Films:

Sexualized Violence in Vietnam War Films Mandy Oviatt, 2015-01-11 Rape and sexual violence is a common theme in literature and film surrounding war in particular the Vietnam War Whether the soldier is portrayed as either hero villain or both there is frequently an element of sexual trauma inflicted on someone within the story The focus in this book not to determine the frequency of rape or the number of rapes that occurred during the Vietnam War Instead I seek to discuss the socialization processes that encouraged rape proclivities the link between sex and violence that enhances the opportunity to rape the rationales behind rape in Vietnam and to show how films about the Vietnam War accurately portrayed these processes For this book I examine the films *Platoon* 1986 *Casualties of War* 1989 and *Full Metal Jacket* 1989 *The Hollywood War Film* Robert Eberwein, 2009-08-25 The Hollywood War Film offers readers a lively introduction to the theory history stars and major films constituting this vital genre from Hollywood's earliest days to the current moment Combines broad historical and theoretical coverage of the genre with in depth analysis of specific films Includes chapters on *All Quiet on the Western Front* World War II combat films *Platoon* and *Full Metal Jacket* Eastwood's Iwo Jima films and Iraq war films An ideal text for perennially popular courses on the war film genre **Vietnam War Films** Jean-Jacques Malo, Tony Williams, 1994 This is the filmography There are 137 Vietnamese films not before noted in the literature The French coverage is of course comprehensive As for the U S the so called covert Vietnam films *Soldier Blue* *Little Big Man* etc that treat the war in an indirect or allegorical way are covered in addition to the mainstream movies Each entry includes title alternate titles year of release country studio credits director producer screenplay editor music cast availability on video major themes plot synopses and critical commentary on the film and its relevance to Vietnam The cooperation of the Office of the General Secretary of the Vietnamese Filmmakers Association and the Vietnamese material from the years 1959 through 1989

Ideologies of Forgetting Gina Marie Weaver, 2012-02-01 Rape has long been a part of war and recent conflicts in Bosnia Rwanda and Darfur demonstrate that it may be becoming an even more integral strategy of modern warfare In contrast to the media attention to sexual violence against women in these recent conflicts however the incidence and consequences of rape in the Vietnam War have been largely overlooked Using testimony oral accounts literature and film *Ideologies of Forgetting* focuses on the rape and sexual abuse of Vietnamese women by U S soldiers during the Vietnam war and argues that the erasure and elision of these practices of sexual violence in the U S popular imagination perpetuates the violent masculinity central to contemporary U S military culture Gina Marie Weaver claims that recognition of this violence is important not just for an accurate historical record but also to truly understand the Vietnam veteran's trauma which often stems from his aggression rather than his victimization **In Plain Sight** Gaby Zipfel, Kirsten Campbell, Regina Mühlhäuser, (eds.), 2019-12-10 In the mid 1970s at the peak of the women's movement feminist activism and research opened the door to questions that are still pressing today While sexual violence has gained public awareness and become a

subject in academic debate efforts to understand and strategies to prevent this form of violence remain inadequate Who are the perpetrators How is sexual violence tied to other forms of violence What are the consequences for individual victims and societies Compiled by the International Research Group Sexual Violence in Armed Conflict SVAC this volume takes an interdisciplinary approach to understanding wartime sexual violence Its enquiry employs four key relationships War Power Violence Sexuality Gender Engendering and Visibility Invisibility Through these the authors identify gaps in existing knowledge to develop a deeper and more nuanced understanding of the field This volume is the result of long standing cooperation The International Research Group Sexual Violence in Armed Conflict SVAC is a network of interdisciplinary scholars and NGO experts founded in October 2010 Sociologists philosophers historians literary and legal scholars as well as NGO professionals from Europe the US Asia and Africa bring together empirical and theoretical studies focusing on sexual violence in different theatres of armed conflict The group compares source material and promotes the systematic development of research questions and methods

The American Civil War and the Hollywood War Film John Trafton, 2016-04-29 Throughout film history war films have been in constant dialogue with both previous depictions of war and contemporary debates and technology War films remember older war film cycles and draw upon the resources of the present day to say something new about the nature of war The American Civil War was viscerally documented through large scale panorama paintings still photography and soldier testimonials leaving behind representational principles that would later inform the development of the war film genre from the silent era up to the present This book explores how each of these representational modes cemented different formulas for providing war stories with emotional content

The Afterlife of America's War in Vietnam Gordon Arnold, 2014-12-09 The fall of Saigon in 1975 signaled the end of America's longest war Yet in many ways the conflict was far from over Although the actual fighting ended the struggle to find political justification and historical vindication for the Vietnam War still lingered in American consciousness A plethora of images from America's first televised war has kept the conflict all too fresh in the memories of those who lived through it while creating a confusing picture for a younger generation The political process of attaching meaning to historical events has ultimately failed due to the lack of consensus then and now regarding events surrounding the Vietnam War Reviewing the record of American politics film and television this volume provides a brief overview of the war's appearance in American popular culture It examines the ways in which this conflict has consistently resurfaced in social and political life especially in the arena of contemporary world events such as the Soviet incursion into Afghanistan the Gulf War and the 2004 presidential campaign To this end the work explores the contexts and uses of the Vietnam War as a recurring subject The circumstances and symbolism used in the rhetoric of the political elite and the news media including the New York Times the Washington Post Time and Newsweek are discussed Emphasis is also placed on the role of film and television as the book examines movies such as The Deer Hunter and Apocalypse Now and TV series such as M A S H In weaving together the political and screen

appearances of the Vietnam War the book reexamines the influence of a major episode in American history

Mythologizing the Vietnam War Jennifer Good, Brigitte Lardinois, Paul Lowe, 2014-10-16 The Vietnam War is evolving from contemporary memory into history Fifty years on it still serves as a benchmark in the history of war reporting and in the representation of conflict in popular culture and historical memory However as contemporary culture tries to come to terms with the events and their political psychological and cultural implications the real Vietnam War has been appropriated and changed into a set of mythologies which implicate American and Vietnamese national identities specifically and ideas of modern conflict more broadly particularly in shaping the mediation of the twenty first century War on Terror This collection of interdisciplinary critical essays explores the cultural legacies of the US involvement in South East Asia considering this process of mythologising through the lenses of visual media and tracing the war's evolution from contemporary reportage to subsequent interpretation and consumption It reassesses the role of visual media in covering and remembering the war its memorialisation mediation and memory The origin of this collection of essays was an international conference titled Considering Vietnam held at the Imperial War Museum London in February 2012 co organised by the museum and the University of the Arts London Photography and the Archive Research Centre PARC

Tracing the Borders of Spanish Horror Cinema and Television Jorge Marí, 2017-04-07 This critical anthology sets out to explore the boom that horror cinema and TV productions have experienced in Spain in the past two decades It uses a range of critical and theoretical perspectives to examine a broad variety of films and filmmakers such as works by Alejandro Amenabar, Icíar de la Iglesia, Pedro Almodóvar, Guillermo del Toro, Juan Antonio Bayona and Jaume Balaguer and Paco Plaza The volume revolves around a set of fundamental questions What are the causes for this new Spanish horror mania What cultural anxieties and desires ideological motives and practical interests may be behind such boom Is there anything specifically Spanish about the Spanish horror film and TV productions any distinctive traits different from Hollywood and other European models that may be associated to the particular political social economic or cultural circumstances of contemporary Spain

War and Rape Nicola Henry, 2012-07-26 Wartime rape has been virulent in wars of sovereignty territory conquest religion ideology and liberation yet attention to this crime has been sporadic throughout history Rape remains unspeakable particularly within law Moreover rape has not featured prominently in post conflict collective memory And even when rape is remembered it is often the subject of political controversy and heated debate In this book Henry asks some critical questions about the relationship between mass rape politics and law In what ways does law contribute to the collective memory of wartime rape How do counter memories of victims compete with the denialism of wartime rape The text specifically analyses the historical silencing of rape throughout international legal history and the potential of law to restore these silenced histories it also examines the violence of law and the obstacles to individual and collective redemption Tracing the prosecution of rape crimes within contemporary courts Henry seeks to argue that politics underscores the way rape is dealt with by the international

community in the aftermath of armed conflict Providing a comprehensive overview of the politics of wartime rape and the politics of prosecuting such crimes within international humanitarian law this text will be of great interest to scholars of gender and security war crimes and law and society **Armed Forces** Robert Eberwein,2007-06-13 In war films the portrayal of deep friendships between men is commonplace Given the sexually anxious nature of the American imagination such bonds are often interpreted as carrying a homoerotic subtext In *Armed Forces* Robert Eberwein argues that an expanded conception of masculinity and sexuality is necessary in order to understand more fully the intricacy of these intense and emotional human relationships Drawing on a range of examples from silent films such as *What Price Glory* and *Wings* to sound era works like *The Deer Hunter* *Platoon* *Three Kings* and *Pearl Harbor* he shows how close readings of war films particularly in relation to their cultural contexts demonstrate that depictions of heterosexual love including those in romantic triangles actually help to define and clarify the nonsexual nature of male love The book also explores the problematic aspects of masculinity and sexuality when threatened by wounds as in *The Best Years of Our Lives* and considers the complex and persistent analogy between weapons and the male body as in *Full Metal Jacket* and *Saving Private Ryan*

Swedish Cinema and the Sexual Revolution Elisabet Björklund, Maria Larsson,2016-07-13 Swedish cinema became recognized for daring representations of sexuality with such films as *One Summer of Happiness* 1951 *The Silence* 1963 *I Am Curious Yellow* 1967 and a wave of sex films in the late 1960s and 1970s The association between Swedish film and sexuality shows up frequently in popular culture From *Taxi Driver* 1976 to *Mad Men* 2007 2015 dirty Swedish movie references abound Yet the connection has attracted little critical attention In this collection of new essays Swedish and American scholars go beyond popular misconceptions to explore the origins influences and reception of sexuality in Swedish cinema during the sexual revolution on both sides of the Atlantic A broad range of topics are covered from analyses of key films to a behind the scenes study of the Swedish Film Institute which played a significant role in opposing Swedish film censorship

The twentieth century with all its turbulence and change its conflicts and its discoveries was perhaps above all the century of cinema and The Seeing Century offers an innovative international and interdisciplinary exploration of the role cinema plays in contemporary life and culture and the complex and fascinating relationship between screen images and our changing concepts of personal and national identity Rejecting the compartmentalisation that has traditionally marked film studies and confronting an impressively eclectic range of material fifteen essays by leading academics from around the world cut across divergent cultures languages and genres mainstream Hollywood rubs shoulders with low budget Icelandic or Sicilian cinema and the popular and the esoteric feature alongside each other In this way the reader is offered a stimulating overview which directly addresses the contradictions and ambiguities inherent in the relationship between film and identity and reveals the vibrancy of contemporary film debate to which The Seeing Century makes an important and thought provoking contribution

The American Imperial Gothic Johan Hoglund, 2016-03-16 The imagination of the early twenty first century is catastrophic with Hollywood blockbusters novels computer games popular music art and even political speeches all depicting a world consumed by vampires zombies meteors aliens from outer space disease crazed terrorists and mad scientists These frequently gothic descriptions of the apocalypse not only commodify fear itself they articulate and even help produce imperialism Building on and often retelling the British imperial gothic of the late nineteenth century the American imperial gothic is obsessed with race gender degeneration and invasion with the destruction of society the collapse of modernity and the disintegration of capitalism Drawing on a rich array of texts from a long history of the gothic this book contends that the doom faced by the world in popular culture is related to the current global instability renegotiation of worldwide power and the American bid for hegemony that goes back to the beginning of the Republic and which have given shape to the first decade of the millennium From the frontier gothic of Charles Brockden Brown's Edgar Huntly to the apocalyptic torture porn of Eli Roth's Hostel the American imperial gothic dramatises the desires and anxieties of empire Revealing the ways in which images of destruction and social upheaval both query the violence with which the US has asserted itself locally and globally and feed the longing for stable imperial structures this book will be of interest to scholars and students of popular culture

MacDonald, 2013-08-29 The serial killer has become increasingly prevalent in popular culture since the term was coined by Robert Ressler at the FBI in the mid 1970s Murders and Acquisitions explores the social and political implications of this cultural figure The collection argues that the often blood chilling representations of the serial killer and serial killing offered in TV series films novels and fan productions function to address contemporary concerns and preoccupations Focusing on well known popular culture texts such as *The Wire* *Kiss the Girls* *Monster* the *Saw* series *American Psycho* *The Strangers* *CSI* and *Dexter* this eclectic anthology engages with a broad spectrum of cultural theory and performs critical textual analysis to examine the sophisticated ways the serial killer is deployed to mediate and or work through cultural anxieties and fears

Masquerades of War Christine Sylvester, 2015-05-22 This collection explores the concepts and practices of masquerade as they apply to concepts and practices of war The contributors insist that masquerades are everyday aspects of the politics praxis and experiences of war while also discovering that finding masquerades and tracing how they work with war is hardly simple With a range of theories innovative methodologies and contextual binoculars masquerade emerges as a layered and complex phenomenon It can appear as state deception lie or camouflage as in the population centric American warfare in Iraq that was sold as good for the local people or the hidden violence Russian military forces used on each other and on local men in Chechnya Masquerade can also be part of a people's war logic as exemplified by the Maoist movement in India Yet masquerade can also be understood as a normal social mask that people don to foreground an identity or belief from one's cluttered repertoire in order to gain agency Elements of masquerade can appear in texts that proclaim seemingly unequivocal positions while simultaneously yet subtly suggesting opposing positions Masquerades of all kinds also seem ubiquitous in fieldwork research and in resistance movements in war zones Perhaps masquerade though is ultimately the denial of death lurking behind the clarion call of security a call that bolsters war by making militarized policing normal to secure populations from terrorists These interpretations and others comprise Masquerades of War This book will be of much interest to students of critical war studies critical security conflict studies and IR in general **The Films of the Eighties**

William J. Palmer, 1995 In this remarkable sequel to his *Films of the Seventies: A Social History* William J. Palmer examines more than three hundred films as texts that represent, revise, parody, comment upon and generate discussion about major events, issues and social trends of the eighties Palmer defines the dialectic between film art and social history taking as his theoretical model the holograph of history that originated from the New Historicist theories of Hayden White and Dominick LaCapra Combining the interests and methodologies of social history and film criticism Palmer contends that film is a socially conscious interpreter and commentator upon the issues of contemporary social history In the eighties such issues included the war in Vietnam, the preservation of the American farm, terrorism, nuclear holocaust, changes in Soviet-American relations, neoconservative feminism and yuppies Among the films Palmer examines are *Platoon*, *The Killing Fields*, *The River*, *Out of*

Africa Little Drummer Girl Kiss of the Spiderwoman Silkwood The Day After Red Dawn Moscow on the Hudson Troop Beverly Hills and Fatal Attraction Utilizing the principles of New Historicism Palmer demonstrates that film can analyze and critique history as well as present it **Views from an Irish Barbarian** Jonathan Bower, 2013-07 This collection of essays on a wide range of subjects is witness to the author's stimulating cultural symbiosis with Tunisia where over a period of more than thirty years he became a kind of Irish Barbarian *German #MeToo* Elisabeth Krimmer, Patricia Anne Simpson, 2022 This volume responds to the MeToo movement whose worldwide resonance has illustrated not only the ubiquity of sexual abuse and sexual violence but also the failure to hold perpetrators accountable Representing a range of disciplines the collected essays engage current cultural and political discourses about systemic sexism feminist theory and practice and gender based discrimination from an academic and activist perspective The focus on national cultures of German speaking Europe from the mid eighteenth century to the present captures the persistence of normalized and institutionalized sexism reframed through the lens of a contemporary political and social movement With 16 essays from established and emerging scholars German MeToo argues that sexual violence is not a universal human constant Rather it is enabled and sustained by the social political cultural legal and economic fabric of specific societies The contributors sustain and vary their exploration of MeToo related issues through considerations of rape prostitution sexual murder the politics of consent and victim blaming as enacted in canonical and marginalized authors the visual arts the graphic novel film television and theater
