Shape Poem Pentecost:

The Arts and the Bible Stanley E. Porter, Wendy J. Porter, 2024-01-04 Throughout its history the Christian church has had a troubled relationship with the arts whether literature poetry music visual arts or other forms of artistic expression This volume is not designed to resolve the issues but it is designed to present a number of different statements about various dimensions of the arts in their relationship to the Bible The Bible is the document that stands behind the Christian church as an inspiration to it and to its arts As a result we have divided this volume into six parts perspectives on the arts culture and art visual enactments contemporary interpretations music and the Bible and literature Many of the issues that the history of the interaction of the arts and the Bible within the Christian church has uncovered are insightfully and artfully addressed by this book The wide range of contributors runs the gamut from practicing artists of various media to scholars within varied academic fields

The Shape of the Dance Michael Donaghy, 2011-05-13 When Michael Donaghy died in 2004 at the age of fifty he was one of the UK's best known and best loved poets he was also a literary critic of the first rank Donaghy's prose is notable for the same delightfully lucid style and lightly worn erudition so admired in his verse His was also the most intellectually promiscuous of minds and he was happy to allude to Irish music neuroscience and Renaissance art in the same breath and rarely resisted a good joke if it served his argumentative purpose This companion volume to the Collected Poems gathers together the best of his writing on poetry and the arts as well as a number of fascinating and revealing interviews It also reprints his classic primer in ars poetica Wallflowers

The Space That Remains Aaron Pelttari, 2014-09-04 In The Space That Remains Aaron Pelttari offers the first systematic study of the major fourth century poets since Michael Robert's foundational The Jeweled Style It is the first book to give equal attention to both Christian and Pagan poetry and the first to take seriously the issue of readership As Pelttari shows the period marked a turn towards forms of writing that privilege the reader's active involvement in shaping the meaning of the text In the poetry of Ausonius Claudian and Prudentius we can see the increasing importance of distinctions between old and new ancient and modern forgotten and remembered The strange traditionalism and verbalism of the day often concealed a desire for immediacy and presence We can see these changes most clearly in the expectations placed upon readers The space that remains is the space that the reader comes to inhabit as would increasingly become the case in the literature of the Latin Middle Ages

Divine Mysteries and the Christian Year S T Kimbrough Jr., 2023-08-03 This book includes brief explanations of the primary emphases of the Christian or liturgical year as observed in Christian churches in the East and West Following brief descriptions of the primary periods of the Christian year poems highlight the diverse theological emphases They punctuate the scriptural background and theological ideas with appropriate prayers Though there are differences between the liturgical calendars of Western and Eastern Christianity many of the emphases are in concert with one another though dates may vary In some Protestant churches the primary events in the life of Christ are celebrated without strict adherence to a liturgical calendar The poems included here emphasize how the

celebration of the festivals of the Christian year address the divine mysteries that followers of Christ seek to understand through worship and study every year and what it means to observe the Christian liturgical year To enhance the use of the volume by clergy and worship leaders the final section includes at least one musical setting of a poem or text for the primary events of the Christian year

The Shapes of Early English Poetry Eric Weiskott,Irina Dumitrescu,2019-04-01 This volume contributes to the study of early English poetics In these essays several related approaches and fields of study radiate outward from poetics including stylistics literary history word studies gender studies metrics and textual criticism By combining and redirecting these traditional scholarly methods as well as exploring newer ones such as object oriented ontology and sound studies these essays demonstrate how poetry responds to its intellectual literary and material contexts The contributors propose to connect the small syllables words and phrases to the large histories emotions faiths secrets In doing so they attempt to work magic on the texts they consider turning an ordinary word into something strange and new or demonstrating texture difference and horizontality where previous eyes had perceived only smoothness sameness and verticality

Living the Christ Life Louise Mangan,Nancy Wyse,Lori Farr,2001 This valuable program resource for clergy worship planners and lay leaders offers practical tools for celebrating the Christian year at church home or school Organized around the cycles of Christmas and Easter it provides activities craft ideas prayers meditations and ways to encounter scripture Background information to origins of festivals colors symbols and art of the various seasons will help you deepen your understanding and experience of Christian faith Indexed by scripture reference and theme Includes a glossary Permission to photocopy portions of text and prayers for use in worship services

specialist reader and all who seek to pray the Prayer of the Church with greater understanding Classicism and Christianity in Late Antique Latin Poetry Philip Hardie, 2019-08-27 After centuries of near silence Latin poetry underwent a renaissance in the late fourth and fifth centuries CE evidenced in the works of key figures such as Ausonius Claudian Prudentius and Paulinus of Nola This period of resurgence marked a milestone in the reception of the classics of late Republican and early imperial poetry In Classicism and Christianity in Late Antique Latin Poetry Philip Hardie explores the ways in which poets writing on non Christian and Christian subjects used the classical traditions of Latin poetry to construct their relationship with Rome's imperial past and present and with the by now not so new belief system of the state religion Christianity The book pays particular attention to the themes of concord and discord the cosmic sense of late antiquity novelty and renouatio paradox and miracle and allegory It is also a contribution to the ongoing discussion of whether there is an identifiably late antique poetics and a late antique practice of intertextuality Not since Michael Robert's classic *The Jeweled Style* has a single book had so much to teach about the enduring power of Latin poetry in late antiquity **The Penn Commentary on Piers Plowman, Volume 4** Traugott Lawler, 2018-04-04 The detailed and wide ranging Penn Commentary on Piers Plowman places the allegorical dream vision of the poem within the literary historical social and intellectual contexts of late medieval England and within the long history of critical interpretation of the work assessing past scholarship while offering original materials and insights throughout The authors line by line section by section and passus by passus commentary on all three versions of the poem and on the stages of its multiple revisions reveals new aspects of the poem's meaning while assessing and summarizing a complex and often divisive scholarly tradition The volumes offer an up to date original and open ended guide to a poem whose engagement with its social world is unrivaled in English literature and whose literary religious and intellectual accomplishments are uniquely powerful The Penn Commentary is designed to be equally useful to readers of the A B or C texts of the poem It is geared to readers eager to have detailed experience of Piers Plowman and other medieval literature possessing some basic knowledge of Middle English language and literature and interested in pondering further the particularly difficult relationships to both that this poem possesses Others with interest in poetry of all periods will find the extended and detailed commentary useful precisely because it does not seek to avoid the poem's challenges but seeks instead to provoke thought about its intricacy and poetic achievements Covering passus C 15 19 and B 13 17 Volume 4 of the Penn Commentary on Piers Plowman creates a complete vade mecum for readers identifying and translating all Latin quotations uncovering allusions providing full cross reference to other parts of the poem drawing in relevant scholarship and unraveling difficult passages Like the other commentaries in the series this volume contains an extensive overview and analysis of each passus and the subdivisions within large and small and discusses all differences between the two versions It pays careful attention to the poem at the literal level as well as to Latin texts that are analogues or even possible sources of Langland's thought and it emphasizes the comedy of the poem of which these passus offer a

that lends itself perfectly to an investigation into the experience of the Byzantine world The theme of experience embraces all aspects of Byzantine studies and the Experiencing Byzantium symposium brought together archaeologists architects art historians historians musicians and theologians in a common quest to step across the line that divides how we understand and experience the Byzantine world and how the Byzantines themselves perceived the sensual aspects of their empire and also their faith spirituality identity and the nature of being in Byzantium The papers in this volume derive from the 44th Spring Symposium of Byzantine Studies held for the Society for the Promotion of Byzantine Studies by the University of Newcastle and University of Durham at Newcastle upon Tyne in April 2011 They are written by a group of international scholars who have crossed disciplinary boundaries to approach an understanding of experience in the Byzantine world Experiencing Byzantium is volume 18 in the series published by Ashgate on behalf of the Society for the Promotion of Byzantine Studies **Sacred Latin Poetry** Richard Chenevix Trench,1886
