Translation, Authorship and the Victorian Professional Woman Lesa Scholl, 2016-02-17 In her study of Charlotte Brontë Harriet Martineau and George Eliot Lesa Scholl shows how three Victorian women writers broadened their capacity for literary professionalism by participating in translation and other conventionally derivative activities such as editing and reviewing early in their careers In the nineteenth century a move away from translating Greek and Latin Classical texts in favour of radical French and German philosophical works took place As England colonised the globe Continental philosophies penetrated English shores causing fissures of faith understanding and cultural stability The influence of these new texts in England was unprecedented and Eliot Brontë and Martineau were instrumental in both literally and figuratively translating these ideas for their English audience Each was transformed by access to foreign languages and cultures first through the written word and then by travel to foreign locales and the effects of this exposure manifest in their journalism travel writing and fiction Ultimately Scholl argues their study of foreign languages and their translation of foreign language texts nations and cultures enabled them to transgress the physical and ideological boundaries imposed by English middle class conventions

Grammar and Inference in Conversation Michael C.

Ewing,2005-01-01 This study analyzes how morphosyntactic structures and information flow characteristics are used by interlocutors in producing and understanding clauses in conversational Javanese focusing on the Cirebon variety of the language While some clauses display grammatical mechanisms used to code their structure explicitly and redundantly many other clauses include few if any of these grammatical resources These extremes mark a cline between the morphosyntactic and paratactic expression of clauses The situation is thrown into relief by the frequency of unexpressed referents and conversationalists heavy reliance on shared experience and cultural knowledge In all cases pragmatic inference grounded in the interactional context is essential for establishing not only the discourse functions but indeed also the very structure of clauses in conversational Javanese This study contributes to our understanding of transitivity emergent constituency prosodic organization and the co construction of meaning and structure by conversational interlocutors
