Severed A History Of Heads Lost And Heads Found:

Severed Frances Larson, 2014-11-06 Our history is littered with heads Over the centuries they have decorated our churches festooned our city walls and filled our museums they have been props for artists and specimens for laboratory scientists trophies for soldiers and items of barter Today as videos of decapitations circulate online and cryonicists promise that our heads may one day live on without our bodies the severed head is as contentious and compelling as ever From shrunken heads to trophies of war from memento mori to Damien Hirst's With Dead Head from grave robbing phrenologists to enterprising scientists Larson explores the bizarre often gruesome and confounding history of the severed head Its story is our story

The Idea of Civilization and the Making of the Global Order Linklater, Andrew, 2020-11-18 The idea of civilization recurs frequently in reflections on international politics However International Relations academic writings on civilization have failed to acknowledge the major 20th century analysis that examined the processes through which Europeans came to regard themselves as uniquely civilized Norbert Elias's On the Process of Civilization This book provides a comprehensive exploration of the significance of Elias's reflections on civilization for International Relations It explains the working principles of an Eliasian or process sociological approach to civilization and the global order and demonstrates how the interdependencies between state formation colonialism and an emergent international society shaped the European civilizing process

The Cambridge Companion to Religion and Terrorism James Lewis, 2017-07-25 Does religion cause terrorism This volume presents a range of theories and case studies that address this important issue

Exploring Sinophone Liminality in Contemporary Chinese Fiction Di-kai Chao, 2025-05-13 Chao explores Sinophone literature as a complex field that navigates the intersections of Sinitic languages global literary systems and China centered perspectives He presents an alternative perspective that Sinophone literature especially through ghost narratives offers a platform for communities to critically examine modernity transgress boundaries and challenge epistemologies By emphasizing locality this book critiques the homogenization of knowledge production and highlights the importance of local experiences in shaping Sinophone identity Questioning the linear essentialist interpretations of Chineseness a more fluid understanding influenced by cultural memory globalization and transnational dynamics emerges This book advocates for an expanded scope of Sinophone theory that includes the Chinese mainland moving beyond an against diaspora stance Building upon postcolonialism and historical contexts it examines literary texts and ghost narratives originating from Taiwan Hong Kong Malaysia and the Chinese mainland delving into the diversity of Sinophone literature An excellent read for students researchers and scholars interested in Chinese literature cultural studies and critical literary work with a focus on Asian studies

Death and the Body in the Eighteenth-Century Novel Jolene Zigarovich, 2023-01-10 Death and the Body in the Eighteenth Century Novel demonstrates that archives continually speak to the period's rising funeral and mourning culture as well as the increasing commodification of death and mourning typically associated with nineteenth century practices Drawing on a variety of historical discourses such as wills undertaking histories medical treatises and textbooks anatomical studies philosophical treatises and religious tracts and sermons the book contributes to a fuller understanding of the history of death in the Enlightenment and its narrative transformation Death and the Body in the Eighteenth Century Novel not only offers new insights about the effect of a growing secularization and commodification of death on the culture and its productions but also fills critical gaps in the history of death using narrative as a distinct literary marker As anatomists dissected undertakers preserved jewelers encased and artists figured the corpse so too the novelist portrayed bodily artifacts Why are these morbid forms of materiality entombed in the novel Jolene Zigarovich addresses this complex question by claiming that the body itself its parts or its preserved representation functioned as secular memento suggesting that preserved remains became symbols of individuality and subjectivity To support the conception that in this period notions of self and knowing center upon theories of the tactile and material the chapters are organized around sensory conceptions and bodily materials such as touch preserved flesh bowel heart wax hair and bone Including numerous visual examples the book also argues that the relic represents the slippage between corpse and treasure sentimentality and materialism and corporeal fetish and aesthetic accessory Zigarovich's analysis compels us to reassess the eighteenth century response to and representation of the dead and dead like body and its material purpose and use in fiction In a broader framework Death and the Body in the Eighteenth Century Novel also narrates a history of the novel that speaks to the cultural formation of modern individualism

The Anne Boleyn Bible Mickey Mayhew, 2025-08-05 The definitive bible on all things Anne Boleyn from her guilt and execution to her relationship with Jesus Christ as well as depiction of Anne in popular culture from TV series to West End musicals Anne Boleyn sells but she sells in segments a biography here a study over there on her guilt and something else yonder concerned with where she lived or what she liked to wear This book covering not just her life but her life onscreen in theater on TV and also the impact of the first black actress to play her is the definitive all encompassing story

of Anne Boleyn from 1501 or thereabouts to 2023 Having examined the ardent fandom of Anne Boleyn for his doctorate Dr Mickey Mayhew is in a unique position to offer something new to say on this much discussed tragic Tudor queen and is not afraid to tackle some of the less palatable aspects of her life Also this book is the first to examine with authenticity the reality of Anne s relationship with the most important man in her life the man whose name she repeated in comfort while facing the Swordsman of Calais on the scaffold having spent her life promulgating his doctrine Jesus Christ himself As for the aforementioned executioner Dr Mayhew s research in Calais and Saint Omer can now lift a lid on a few of the particulars of this elusive and yet essential figure of Anne Boleyn mythos and yes now he even has a name as well The Anne Boleyn Bible also offers a straightforward retelling of Anne s actual historical life albeit one that outlines an entirely fresh and empowering perspective on her rise to prominence this is followed by a series of considered arguments on the for and against in regard to her guilt then her entry into popular culture firstly in plays and masques before she went on to headline movies TV series cosplay and now with the first black woman to portray her model and actress Jodie Turner Smith This book is simply what it says on the cover The Anne Boleyn Bible leaving no depiction no religious aspect no appearance in popular culture from The Simpsons to the West End musical Six overlooked likewise Dr Mayhew also turns his trademark brand of rather wry commentary toward the vast plethora of Anne Boleyn merchandising tourist spots rubber ducks beanies and the wrangling question of who was the ultimate onscreen Anne Genevi ve Bujold or Natalie Dormer

In My Time of Dying John Parker, 2025-03-25 Why do people die and where do they go when they are dead How should the dead be buried and mourned in order to ensure that they continue to work for the benefit of the living How have perceptions and experiences of death and the ends of life changed over the centuries In My Time of Dying considers these questions from the perspective of African history In what is the first history of death in Africa John Parker examines mortuary culture and the ongoing relationship between the living and the dead over a four hundred year period Focusing anecdotally on West Africa but with a comparative awareness of comparable practices throughout the continent Parker highlights how Africans developed the world s most vibrant and recognizable cultures of death

The Routledge Handbook of Museums, Heritage, and Death Trish Biers, Katie Stringer Clary, 2023-07-26 This book provides a comprehensive examination of death dying and human remains in museums and heritage sites around the world Presenting a diverse range of contributions from scholars practitioners and artists the book reminds us that death and the dead body are omnipresent in museum and heritage spaces Chapters appraise collection practices and their historical context present global perspectives and potential resolutions and suggest how death and dying should be presented to the public Acknowledging that professionals in the galleries libraries archives and museums GLAM fields are engaging in vital discussions about repatriation and anti colonialist narratives the book includes reflections on a variety of deathscapes that are at the forefront of the debate Taking a multivocal approach the handbook provides a foundation for debate as well as a reference for how the dead are treated within the public arena Most

important perhaps the book highlights best practices and calls for more ethical frameworks and strategies for collaboration particularly with descendant communities The Routledge Handbook of Museums Heritage and Death will be useful to all individuals working with studying and interested in curation and exhibition at museums and heritage sites around the world It will be of particular interest to those working in the fields of heritage museum studies death studies archaeology anthropology sociology and history Global Powers of Horror Francois Debrix,2016-12-19 Global Powers of Horror examines contemporary regimes of horror s intricacies and into their deployment on and through human bodies and body parts To track horror s work what horror decomposes and perhaps recomposes Debrix goes beyond the idea of the integrality and integrity of the human body and it brings the focus on parts pieces or fragments of bodies and lives Looking at horror s production of bodily fragments both against and beyond humanity the book is also about horror s own attempt at re forming or re creating matter from the perspective of post human non human and inhuman fragmentation Through several contemporary instances of dismantling of human bodies and pulverization of body parts this book makes several interrelated theoretical contributions It works with contemporary post geo political figures of horror faces of concentration camp dwellers body parts of victims of terror attacks the outcome of suicide bombings graphic reports of beheadings re compositions of melted and mingled remnants of non human and human matter after 9 11 to challenge regimes of terror and security that seek to forcefully and ideologically reaffirm a biopolitics and thanatopolitics of human life in order to anchor today s often devastating deployments of the metaphysics of substance Critically enabling one to see how security and terror form a geo political continuum of violent mobilization utilization and often destruction of human and non human bodies and lives this book will be of interest to graduates and scholars of bio politics international relations and security studies **The Palgrave Handbook of Steam Age Gothic** Clive Bloom,2021-02-03 By the early 1830s the old school of Gothic literature was exhausted Late Romanticism emphasising as it did the uncertainties of personality and imagination gave it a new lease of life Gothic the literature of disturbance and uncertainty now produced works that reflected domestic fears sexual crimes drug filled hallucinations the terrible secrets of middle class marriage imperial horror at alien invasion occult demonism and the insanity of psychopaths It was from the 1830s onwards that the old gothic castle gave way to the country house drawing room the dungeon was displaced by the sewers of the city and the villains of early novels became the familiar figures of Dr Jekyll and Mr Hyde Dracula Dorian Grey and Jack the Ripper After the death of Prince Albert 1861 the Gothic became darker more morbid obsessed with demonic lovers blood sucking ghouls blood stained murderers and deranged doctors Whilst the gothic architecture of the Houses of Parliament and the new Puginesque churches upheld a Victorian ideal of sobriety Christianity and imperial destiny Gothic literature filled these new spaces with a dread that spread like a plague to America France Germany and even Russia From 1830 to 1914 the period covered by this volume we saw the emergence of the greats of Gothic literature and the supernatural from Edgar Allan Poe to Emily Bronte from Sheridan Le Fanu to Bram Stoker and

Robert Louis Stevenson Contributors also examine the fin de siècle dreamers of decadence such as Arthur Machen M P Shiel and Vernon Lee and their obsession with the occult folklore spiritualism revenants ghostly apparitions and cosmic annihilation This volume explores the period through the prism of architectural history urban studies feminism hauntology and much more Horror as Poe teaches us is the soul of the plot

The Skull of Alum Bheg Kim A. Wagner, 2018 Using the artefact of a human skull this story provides an intimate and vivid account of life and death in British India This book tells the story of Alum Bheg an Indian soldier in British service who was executed during the Uprising of 1857 and whose skull was brought back to England as a grisly war trophy Examining the colonial practice of collecting and exhibiting human remains this book offers a critical assessment of British imperialism that speaks to contemporary debates about the legacies of Empire and the myth of the Mutiny

The (De)Legitimization of Violence in Sacred and Human Contexts Muhammad Shafiq, Thomas Donlin-Smith, 2021-01-21 This book provides a multidisciplinary commentary on a wide range of religious traditions and their relationship to acts of violence Hate and violence occur at every level of human interaction as do peace and compassion Scholars of religion have a particular obligation to make sense out of this situation tracing its history and variables and drawing lessons for the future From the formative periods of the religious traditions to their application in the contemporary world the essays in this volume interrogate the views on violence found within the traditions and provide examples of religious practices that exacerbate or ameliorate situations of conflict

Confronting Colonial Objects Carsten Stahn, 2024-05-23 The treatment of cultural colonial objects is one of the most debated questions of our time Calls for a new international cultural order go back to decolonization However for decades the issue has been treated as a matter of comity or been reduced to a Shakespearean dilemma to return or not to return *Confronting Colonial Objects* seeks to go beyond these classic dichotomies and argues that contemporary practices are at a tipping point The book shows that cultural takings were material to the colonial project throughout different periods and went far beyond looting It presents micro histories and object biographies to trace recurring justifications and contestations of takings and returns while outlining the complicity of anthropology racial science and professional networks that enabled colonial collecting The book demonstrates the dual role of law and cultural heritage regulation in facilitating colonial injustices and mobilizing resistance thereto Drawing on the interplay between justice ethics and human rights Stahn develops principles of relational cultural justice He challenges the argument that takings were acceptable according to the standards of the time and outlines how future engagement requires a re invention of knowledge systems and relations towards objects including new forms of consent provenance research and partnership and a re thinking of the role of museums themselves Following the life story and transformation of cultural objects this book provides a fresh perspective on international law and colonial history that appeals to audiences across a variety of disciplines This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read on the Oxford Academic platform and offered as a free PDF download from OUP and selected open access
