circulation Working in film television and digital video Soderbergh is the most prolific and protean filmmaker in contemporary American cinema At the same time his activity typifies contemporary screen industry practice in which production entities distribution platforms and creative labor increasingly cross pollinate Gallagher investigates Soderbergh's work on such films as *The Limey* *Erin Brockovich* *Ocean's Eleven* and its sequels *Solaris* *The Good German* *Che* and *The Informant* as well as on the *K Street* television series Dispensing with classical auteurist models he positions Soderbergh and authorship in terms of collaborative production location filming activity dealmaking and distribution textual representation genre and adaptation work critical reception and other industrial and cultural phenomena Gallagher also addresses Soderbergh's role as standard bearer for U.S. independent cinema following 1989's *sex lies and videotape* as well as his cinephilic dialogues with different forms of U.S. and international cinema from the 1920s through the 1970s Including an extensive new interview with the filmmaker Another Steven Soderbergh Experience demonstrates how industries and institutions cultivate recognize and challenge creative screen artists

of America contemporary society cinema and time [Licensing Entertainment](#) William B. Warner,1998-09-10 Novels have been a respectable component of culture for so long that it is difficult for twentieth century observers to grasp the unease produced by novel reading in the eighteenth century William Warner shows how the earliest novels in Britain published in small format print media provoked early instances of the modern anxiety about the effects of new media on consumers Warner uncovers a buried and neglected history of the way in which the idea of the novel was shaped in response to a newly vigorous market in popular narratives In order to rein in the sexy and egotistical novel of amorous intrigue novelists and critics redefined the novel as morally respectable largely masculine in authorship national in character realistic in its claims and finally literary Warner considers early novelists in their role as entertainers and media workers and shows how the short erotic plot driven novels written by Behn Manley and Haywood came to be absorbed and overwritten by the popular novels of Defoe Richardson and Fielding Considering these novels as entertainment as well as literature Warner traces a different story one that redefines the terms within which the British novel is to be understood and replaces the literary history of the rise of the novel with a more inclusive cultural history [Video Art Historicized](#) Malin Hedlin Hayden,2016-03-03 Video art emerged as an art form that from the 1960s and onwards challenged the concept of art hence art historical practices From the perspective of artists critics and scholars engaged with this new medium art was seen as too limiting a notion Important issues were to re think art as a means for critical investigations and a demand for visual reconsiderations Likewise art history was argued to be in crisis and in need of adapting its theories and methods in order to produce interpretations and thereby establish historical sense for moving images as fine art Yet as this book argues video art history has evolved into a discourse clinging to traditional concepts ideologies and narrative structures manifested in an increasing body of texts Video Art Historicized provides a novel insightful and also challenging re interpretation of this field by examining the discourse and its own premises It takes a firm conceptual approach to the material examining the conceptual theoretical and methodological implications that are simultaneously contested by both artists and authors yet intertwined in both the legitimizing and the historicizing processes of video as art By engaging art history s most debated concepts canon art and history this study provides an in depth investigation of the mechanisms of the historiography of video art Scrutinizing various narratives on video art the book emphasizes the profound and widespread hesitations towards but also the efforts to negotiate traditional concepts and practices By focusing on the politics of this discourse theoretical issues of gender nationality and particular themes in video art Malin Hedlin Hayden contests the presumptions that inform video art and its history [Progay/Antigay](#) Ralph R. Smith,Russel R. Windes,2000-02-03 Combining humanistic rhetorical criticism with social scientific concepts Ralph R Smith and Russel R Windes examine how the discourse of the progay antigay debate shapes the self understanding and strategies of the two opposing sides The struggle over issues such as lesbians and gay men serving openly in the military same sex marriage and inclusion of sexual orientation in anti discrimination and hate crime laws have evolved along with the

development of rival progay and traditionalist antigay communities In the process of presenting their arguments to the wider society the two sides exercise extraordinary influence on each other As a result of the public policy debates the progay movement has moved toward an essentialist non sexual identity while the traditionalists have shifted toward a secular public self representation Progay Antigay also analyzes the internal disagreements within the two movements The same sex marriage debate illustrates important dimensions of the contest over sexuality The authors examine rhetorical strategy and counter strategy in this specific institutional context Progay Antigay also discusses how the study of the variant sexuality issue provides the opportunity to assess paths for reconciliation and to judge concepts of political pluralism and multiculturalism

Risky Rhetoric J. Blake Scott,2003 Risky Rhetoric AIDS and the Cultural Practices of HIV Testing is the first book length study of the rhetoric inherent in and surrounding HIV testing In addition to providing a history of HIV testing in the United States from 1985 to the present J Blake Scott explains how faulty arguments about testing s power and effects have promoted unresponsive and even dangerous testing practices for so called normal subjects as well as those deemed risky Drawing on classical rhetoric as well as Michel Foucault s theorizing of the examination as a form of disciplinary power this study explores how HIV testing functions as a disciplinary technology that shapes subjects and exerts power over individual

bodies and populations Testing has largely been deployed to protect those defined as normal members of the general population by detecting managing and even punishing those diagnosed as risky e g gay and bisexual men poor women of color But Scott reveals that testing s function of protection through detection has been fueled in part by faulty arguments that exaggerate testing s interventive power and benefits These arguments have also created a perception that testing is a magic bullet By overestimating the benefits of HIV testing and overlooking its contingencies and harmful effects dominant arguments about testing have enabled a shortsighted public health response to HIV and unresponsive testing policies The ultimate goal of *Risky Rhetoric AIDS and the Cultural Practices of HIV Testing* is to offer strategies to policymakers HIV educators and test counselors and other rhetors for developing more responsive and egalitarian testing related rhetorics and practices

Walking and Talking Feminist Rhetorics Lindal Buchanan, Kathleen J. Ryan, 2010-01-12 *Walking and Talking Feminist Rhetorics Landmark Essays and Controversies* gathers significant oft cited scholarship about feminism and rhetoric into one convenient volume. Essays examine the formation of the vibrant and growing field of feminist rhetoric, feminist historiographic research methods and methodologies, and women's distinct sites, genres, and styles of rhetoric. The book's most innovative and pedagogically useful feature is its presentation of controversies in the form of case studies, each consisting of exchanges between or among scholars about significant questions.

The Privilege of Crisis Elahe Haschemi Yekani, 2011-03-07. Despite the understanding of scholars that masculinity far from being a natural or stable concept is in reality a social construction, the culture at large continues to privilege an idealized coherent male point of view. *The Privilege of Crisis* draws on the work of authors such as H. Rider Haggard, Rudyard Kipling, and Joseph Conrad, as well as contemporary postcolonial writers such as J. M. Coetzee, Hanif Kureishi, and Zadie Smith, to show how recurrent references to a crisis of masculinity or the decline of masculinity serve largely to demonstrate and support positions of male privilege.

Long Slow Burn Kath Weston, 2013-09-13. Kath Weston's powerful collection of essays *Long Slow Burn* challenges the preconception that queer studies is the brainchild of the humanities and argues that social science has been talking about sex all along. To deny this one would have to overlook Kinsey's pioneering sex research in the 1950s or the psychiatrist Evelyn Hooker's pathbreaking study of homosexuality, but also in the sex talk that lies at the heart of classic debates on kinship, inequality, cognition, and other foundational topics in the social sciences. What is different now, Weston claims, is the way sexuality has been isolated from other contemporary issues. Not content with its ghettoization as a contained subfield, Weston refuses to draw an artificial line around sexuality.
