Satan's Gold Michael Ray Ewing, 2023-02-24. A computer hacker named Daemon is determined to bring the financial world to its knees. He has already stolen billions from the Russians. Now he's after a bigger prize: the US Federal Reserve. Only one man can stop him but he has already paid a high price. Two bullets to the chest. Fired from the FBI. Disgraced ex agent Tyler Jackson wants to clear his name but in an ongoing quest for justice Jackson has turned his personal life into a shambles. With his former boss at the FBI threatening to haul him in Jackson and his motley crew follow the bread crumbs from Chicago to New York and back. As Jackson digs deeper he learns he has put friends and family in danger not just from Daemon but from an unknown assassin who's trailing his every step. Can Jackson follow the money and learn Daemon's true identity or will Daemon erase his trail and slip away leaving Jackson holding the bag. If you like stories with spellbinding action and deadly consequences you'll love Michael Ray Ewing's riveting techno thriller *Buy Satan's Gold* and discover how packets of data could drain our banks and leave us all with empty pockets.

Catalog It! Allison G. Kaplan, 2015-12-07. Whether you're a practicing cataloger looking for a short text to update you on the application of RDA to cataloging records or a school librarian who needs a quick resource to answer cataloging questions this guide is for you. Since the last edition of this invaluable text was published the library world has experienced a revolution in descriptive cataloging the likes of which has not been seen since the early 1980s. This updated third edition of an established and well respected guide makes it easy for you to stay in step with those monumental changes. The book will help you understand the latest fundamentals of cataloging so you can get items on the library shelves quickly and efficiently. Every chapter has been revised. Changes in standards including RDA and BISAC that were alluded to in the second edition are discussed in depth and illustrated with explanations and sample problem sets are included so you can put theory into practice. In addition the book provides you with clear headings for easy scanning as well as cheat sheets and templates for creating records for book and non book items. Previous editions of this text have been used by library practitioners and library and information science professors across the country because of its spot on easy to follow guidance on cataloging for school libraries. This new edition builds upon those strengths adding everything you need to know about current groundbreaking changes.
