

## SM-615 ECG 20-32 Genesis Series Truck

### Truck Models Covered by This Manual

This manual contains a "Yes!" inside the picture in 6(1) (in 41 models and other models that picture only in specific models. Manuals shipped with the truck contain the two models and the model specific to the purchased truck.

You may, however, purchase specific models and request your manual to fully cover multiple models. To do so, send the desired models as you would any other Clark part.

### Arrangement and Use of This Manual

Clark arranges parts and service procedures by model and Group. In this manual, Groups are similar to "clips" and "Groups" are listed in the tables on the first page.

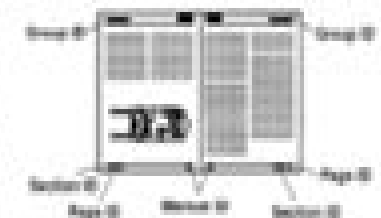

Each Group begins with a table of contents that shows the Section numbers within the Group. Lengthy Sections also begin with a table of contents.

Each Group and Section has an identifying name and number, or "ID."

Each page also has a unique ID. The page ID consists of three numbers separated by hyphens. The three numbers represent the Group number, the Section number, and the page number. For example, "10-1-1" in the lower corner of the page indicates Group 10, Section 1, Page 1.

The Group number sometimes has a letter or letters added to it to guarantee it is or more variations of the Group code. For example, if the truck has a standard mast, Group 10 is expressed as "10(1)". If the truck has a hydraulic mast, however, Group 10 is expressed as "10(1)."

You can quickly locate a specific page in the manual by using the Section and Section that appear on every Section page. The following diagram points out their uses.

### IMPORTANT

This manual is intended for the use of trained service personnel. Please read Group 44, "Safe Maintenance" and the Operator's Manual before working on or operating the truck.
