*Virginia Shade* Norman Schools,2012 What do three hundred years of African American history look like in a small southern town Virginia Shade depicts just that a sometimes brutal sometimes uplifting but always human tapestry of two societies struggling through and beyond slavery African Americans have been part of the town of Falmouth s history since its founding in 1727 Some were free but most were slaves an African king and princess among them During the Civil War thousands of slaves crossed into the Union lines at Falmouth to claim freedom for themselves After the war however fundamental equality remained elusive Falmouth s African American children endured separate and unequal schooling during the Jim Crow era and even the town s cemetery was segregated Even so it wasn t a simple matter of black versus white From a slave owner who tried but was unable to manumit her slaves to a local church s public rebuke of a black member who d run away from his owner committing the sin of stealing himself Falmouth s history reflects the contrasting attitudes and actions among its white citizens and institutions throughout the years Author Norman Schools blends first person accounts contemporary poetry and biblical allegory to give a vivid sense of time place and personal connection to Falmouth and its remarkable African American heritage
