ABOUT THE BOOK It is the season of the witch in Bon Temps The characters of True Blood have dealt with anti vampire fanatics a sexed crazed maenad werewolves and have even seen a bit of faerie power What is left on our horror genre list of supernatural beings Witches Next up Godzilla Get the play by play of this eventful season MEET THE AUTHOR Nicki Bixler is an experienced writer and a member of the Hyperink Team which works hard to bring you high quality engaging fun content Happy reading EXCERPT FROM THE BOOK One running theme seen in various episodes of Season 4 is the process of trying to save face in the media Nan Flanagan in charge of PR for the AVL must fix the mess that vampire Russell Edgington caused when he obliterated a human on live television Nan and Bill Compton constantly say Russell's name when addressing the media so that the public will associate the incident with him only and believe it to be an isolated event Additionally the AVL's purpose is to gain equal rights for vampires and they know that they have to be careful in the media during a time when many in the public are still anti vampire Lastly civil rights is a theme that was introduced at the inception of True Blood and has been streaming through ever since When the vampires revealed themselves during The Great Awakening it is clear the parallel between their cause and gay rights is stressed when

the show uses the phrase out of the coffin The plight of the American Vampire League looking for a constitutional amendment supporting the rights of vampires also suggests a metaphor for any minority group who has fought for equal rights Comically the parallel is shown in Season 2 when the Fellowship of the Sun a conservative religious group takes direct aim at vampires
