**Tomorrow's Teachers** Malinda Miller,2014-10-21 The education children and young adults receive in school helps shape their future lives and teachers shape this education Teachers not only provide access to intellectual knowledge but they also foster character development and social skills At every level of education teachers provide the tools and the environment for their students to develop into responsible adults The young adults of today will be the job force of tomorrow so choosing a career that will best fit with the needs of the changing world will be important to job satisfaction and a successful life With the vast array of career and job options it will also be important for young adults to understand which work will be the best match for their interests talents goals and personality types Certain careers are expected to gain importance within the early decades of the twenty first century Teaching occupations are expected to grow faster than the average rate for all occupations Teaching is a challenging occupation and it will probably never make you rich but if you choose to be a teacher you will be a part of shaping future generations *Tomorrow's Transportation* Malinda

Miller,2014-10-21 Throughout history humans have been finding and developing ever faster modes of transportation moving from horses to the cars and high speed jets of today We have been very successful in our search for faster transportation but it has come at a price Our vehicles have all had an effect on the natural environment The good news is there are a growing number of people devoting their lives to solving environmental issues related to transportation The young adults of today will be the job force of tomorrow so choosing a career that will best fit with the needs of the changing world will be important to job satisfaction and a successful life With the vast array of career and job options it will also be important for young adults to understand which work will be the best match for their interests talents goals and personality types Certain careers are expected to gain importance within the early decades of the twenty first century The opportunities for jobs related to green transportation are expected to increase at a faster than average rate as the world looks to repair damages already done to the environment and prevent new problems The future of the planet is dependent on the development of cleaner and greener forms of transportation If you choose a career in green transportation you can help put us on the road to a better world

Tomorrow's Enterprising Scientists Camden Flath,2014-10-21 Computer software helps us communicate with others entertains us and assists us in doing work But who does the work of putting the software together deciding how it will work and how people use it Whether checking your e mail inbox playing your favorite video game or writing a paper you are using computer software that had to be designed and developed by groups of skilled workers The young adults of today will be the job force of tomorrow so choosing a career that will best fit with the needs of the changing world will be important to job satisfaction and a successful life With the vast array of career and job options it will also be important for young adults to understand which work will be the best match for their interests talents goals and personality types Certain careers are expected to gain importance within the early decades of the twenty first century Jobs related to computer software are on

track to grow faster than the average rate for all occupations Careers in computer software will prove to be a vital part of the coming decades of the twenty first century just as they have been in its first decade Who will companies and organizations turn to when they need advice about communications and computer technology Who will create tomorrow s software the next useful tool that will change the world or the newest million selling game Could it be you *Physicians' Assistants & Nurses* Cordelia Strange,2014-10-21 Some medical careers involve working closely with patients but there are also many behind the scenes workers who are vital to the health industry Medical technicians work in laboratories respond and perform basic lifesaving procedures during medical emergencies or specialize in medical record keeping and health care information access Which medical technician career is right for you The young adults of today will be the job force of tomorrow so choosing a career that will best fit with the needs of the changing world will be important to job satisfaction and a successful life With the vast array of career and job options it will also be important for young adults to understand which work will be the best match for their interests talents goals and personality types Certain careers are expected to gain importance within the early decades of the twenty first century According to the United States Bureau of Labor Statistics the number of jobs for medical technology is expected to increase much faster than the average rate for all occupations If you are interested in becoming a medical technician it is never too early to start learning your options or to begin gaining experience **Careers in Green Energy: Fueling the World with Renewable Resources** Camden Flath,2014-10-21 Whether you re reading an online newspaper a blog post or your favorite novel on a handheld device keep in mind that while you may be getting information in a different way than people have in the past it still took a number of people to produce that content including writers Advances in technology and changes in the way we communicate must also be explained to new users through technical writing The young adults of today will be the job force of tomorrow so choosing a career that will best fit with the needs of the changing world will be important to job satisfaction and a successful life With the vast array of career and job options it will also be important for young adults to understand which work will be the best match for their interests talents goals and personality types Certain careers are expected to gain importance within the early decades of the twenty first century According to the U S Bureau of Labor Statistics jobs in freelance or technical writing are on track to grow faster than the average rate for all occupations If you love to express yourself with the written word a career in freelance or technical writing might be the right choice for you You can still write a great novel in your free time *Social Workers* Camden Flath,2014-10-21 In today s world many movies are entirely animated using computers video games have highly detailed graphics and companies are becoming more dependent on well designed websites In each of these cases artists work hard to create eye catching awe inspiring attention grabbing visual content to entice viewers players or consumers Changes in the entertainment we want the ways businesses try to reach customers and how we get our information in the twenty first century are all creating new job opportunities for artists The young adults of today will be the job force of tomorrow so

choosing a career that will best fit with the needs of the changing world will be important to job satisfaction and a successful life. With the vast array of career and job options, it will also be important for young adults to understand which work will be the best match for their interests, talents, goals, and personality types. Certain careers are expected to gain importance within the early decades of the twenty-first century. Careers in art, animation, and graphic design are among the job paths that will be growing steadily in the early part of the twenty-first century. The United States Bureau of Statistics predicts that employment in these industries is likely to grow slightly faster than the average rate for all occupations. If you are artistic, you may have been warned to find a job and just do art in your free time, or you will never have any money. However, there may be a way to combine your art with a successful career. Choose one of the jobs in this book, and you won't have to starve. **Modern**

**Mechanics** Malinda Miller, 2014-10-21 The cars of today have different maintenance needs than the cars of the past. The cars of the future may have different needs entirely. No matter what, cars will need mechanics that know how to properly maintain and repair them. The young adults of today will be the job force of tomorrow, so choosing a career that will best fit with the needs of the changing world will be important to job satisfaction and a successful life. With the vast array of career and job options, it will also be important for young adults to understand which work will be the best match for their interests, talents, goals, and personality types. Certain careers are expected to gain importance within the early decades of the twenty-first century. In general, the number of job opportunities for mechanics is expected to increase slower than the average for all occupations. However, job opportunities are expected to be very good for mechanics that complete a training program and receive special certification to work on alternative fuel vehicles. There are already millions of alternative fuel vehicles driving on the roads today. As this number grows, the world will need more mechanics who know how to work on this new generation of green vehicles. Could you be one of them? Green Construction

Malinda Miller, 2014-10-21 As problems like poverty, hunger, diseases, drug addiction, and violence continue to challenge our society today, the need is growing for people who are willing to help individuals with these issues. The demand is high and predicted to continue to increase for social workers committed to a career of service to people who need assistance. The young adults of today will be the job force of tomorrow, so choosing a career that will best fit with the needs of the changing world will be important to job satisfaction and a successful life. With the vast array of career and job options, it will also be important for young adults to understand which work will be the best match for their interests, talents, goals, and personality types. Certain careers are expected to gain importance within the early decades of the twenty-first century. The United States Department of Labor's Bureau of Labor Statistics projects that jobs in social work are on track to grow faster than the average rate for all occupations. Social work is not likely to make you rich, but if you choose this career, you will be making a difference in the lives of others, and that can be more fulfilling than money. **The Pharmaceutical Industry**

Malinda Miller, 2014-10-21 We can see the future developing all around us, from sustainable flooring under our feet to solar panels on our rooftops. The construction industry is changing
