collection of relevant and surprising essential recipes for today's cook. We have countless recipes at our disposal today but what are the real keepers the ones that don't just feed us when we're hungry or impress our friends on Saturday night but inspire us to get into the kitchen. At the forefront of American cooking for more than 20 years the editors at America's Test Kitchen have answered this question in an essential collection of recipes that you won't find anywhere else. 100 Recipes Everyone Should Know How to Make. Organized into three recipe sections: Absolute Essentials, Surprising Essentials, and Global Essentials, each recipe is preceded by a thought-provoking essay that positions the dish. For example, "Treating Pasta Like Rice Simplifies Everything," "A Covered Pot Is a Surprisingly Good Place to Roast a Chicken," and "Reimagine Pie in a Skillet to Simplify the Process." You'll find useful workday recipes like a killer tomato sauce that's almost as easy as opening a jar of the store-bought stuff, genius techniques for producing amazing flavor (try poaching chicken breasts over a garlic and soy-spiked brine), trust us, it's that good, and familiar favorites reinvigorated (the best beef stew comes from Spain and it's even easier to make than the stateside stew you've been eating for years). Gorgeous photography shot right in the test kitchen accompanies every recipe, revealing the finished dish as well as highlights of its preparation. Likely to stir debate among anyone interested in food and cooking, 100 Recipes Everyone Should Know How to Make provides a snapshot of how we cook today and will galvanize even the most jaded cook to get into the kitchen.

Grampa's Wild Game Recipes Grampa "JJ" Davis, 2008-12-22. Early settlers in the 17th, 18th, and 19th centuries were dependent on wild game for meat year-round due to inadequate methods of food preservation. Wild turkey and other game were staple food items for settlers who explored and developed the Virginia countryside. But with increasing colonization, wild game was also hunted professionally and sold at markets to feed the growing human population in larger towns and cities. Wild game meats were sold in quantities comparable to domestic animals and at a fraction of the cost of domestic meats. There is nothing finer than to be in the middle of the woods. There is no phone, no television, no beepers, no traffic. Just the noises of birds chirping, squirrels barking, and the beauty of the woods. We all know that hunting game is only half the fun. Eating it is the other half. Take a look at these mouth-watering concoctions and just eat.
