**Literature Works: Theme 1. Here I am - Theme 2. Let's be friends**, 2000      *A Pluralistic Approach to Leadership* Nathan W. Harter, 2024-12-30

This thought provoking book adopts a pluralistic framework to examine leadership and raises important questions about how leadership studies scholars see and do their work. This book begins with an interdisciplinary discussion of what a pluralistic mindset is, a distinct framework for acknowledging and managing a diversity of opinions while retaining an abiding faith in the merits of rigorous investigation. Nathan W. Harter argues that pluralism is an important consideration for leadership scholars and threads this throughout a series of chapters that explore such topics as the proper duration of leadership episodes, the benefits of differentiation in leadership, the importance of grievance as a motive, the prevalence of noise in decision making, and the evolving utility of OODA loops. It concludes with a phenomenological experience in the spirit of Michel Serres that considers the role of leadership amid a welter of multiplicities. Throughout, readers are introduced to a number of scholars whose work is not often cited in leadership literature, including Julia Kristeva, Richard McKeon, Pierre Hadot, Eric Voegelin, and John Boyd. Bringing together important lessons and themes from literature, philosophy, and social science, this book offers a novel approach to leadership studies for advanced students and scholars.
