The Roman Empire A Very Short Introduction

Jerry Toner

The Roman Empire A Very Short Introduction:

The Roman Empire Christopher Kelly, 2006-08-24 The Roman Empire was a remarkable achievement. It had a population of sixty million people spread across lands encircling the Mediterranean and stretching from drizzle soaked northern England to the sun baked banks of the Euphrates in Syria and from the Rhine to the North African coast. It was above all else an empire of force employing a mixture of violence, suppression, order and tactical use of power to develop an astonishingly uniform culture. This Very Short Introduction covers the history of the Empire from Augustus the first Emperor to Marcus Aurelius describing how the empire was formed, how it was run, its religions and its social structure. It examines how local cultures were romanised and how people in far away lands came to believe in the emperor as a god. The book also examines how the Roman Empire has been considered and depicted in more recent times from the writings of Edward Gibbon to the differing attitudes of the Victorians and recent Hollywood blockbuster films. ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas and enthusiasm to make interesting and challenging topics highly readable.

The Holy Roman Empire: A Very Short Introduction Joachim Whaley, 2018-07-19 Voltaire's description of the Holy Roman Empire as neither holy nor Roman nor an empire is often cited to underline its worthlessness. German historians traditionally despised it because it had allegedly impeded German unification. Since 1945 scholars have been more positive but the empire's history and significance is still largely misunderstood. In this Very Short Introduction Joachim Whaley outlines the fascinating thousand year history of the Holy Roman Empire. Founded in 800 on the basis of Charlemagne's Frankish kingdom, its imperial title went to the German monarchy which became established in the ninth and ten centuries. They claimed Charlemagne's legacy including his role as protector of the papacy and guardian of the Church. Around 1500 the title Holy Roman Empire of the German Nation was adopted. An elective monarchy, the empire gradually developed from a feudal monarchy into a legal system that pacified the territories and cities of German speaking Europe. By 1519 it had a supreme court and a regional enforcement system ended feuding. Throughout its lifetime the empire's growth and history was shaped by the major developments in Europe from the Reformation to the Thirty Years War to the French revolutionary wars which led to Napoleon destroying the empire in 1806. The sense of a common history over a thousand years and the legal traditions established by the empire have shaped the history of German speaking Europe ever since. Joachim Whaley analyses the empire's crucial impact and role in the history of European power and politics and shows that there has never been a more durable political system in German history. ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas and enthusiasm to make interesting and challenging topics highly

readable **The Roman Empire: A Very Short Introduction** Christopher Kelly, 2006-08-24 The Roman Empire was a remarkable achievement With a population of sixty million people it encircled the Mediterranean and stretched from northern England to North Africa and Syria This Very Short Introduction covers the history of the empire at its height looking at its people religions and social structures It explains how it deployed violence romanisation and tactical power to develop an astonishingly uniform culture from Rome to its furthest outreaches **Roman Britain** Peter Salway, 2015-05-28 For four centuries Britain was an integral part of the Roman Empire a political system stretching from Turkey to Portugal and from the Red Sea to the Tyne and beyond Its involvement with Rome started long before the Conquest launched by the Emperor Claudius in 43 AD and it continued to be a part of the Roman world for some time after the final break with Roman rule Bringing together archaeological investigation and historical scholarship Peter Salway explores some of the key issues arising from this period in Britain s history discussing the question of identity at this time and analysing the importance of widespread literacy in Roman Britain Covering the period from Julius Caesar s first forays into Britain and Claudius subsequent conquest as well as Britain under the later Roman Empire Salway outlines the key events of this time period providing a focus on society in Roman Britain and offering a thoughtful consideration of the aftermath of Roman rule In the new edition of this Very Short Introduction Peter Salway makes a number of essential updates in light of recent research in the area He looks at issues of ethnicity Britishness and post colonialism provides alternative theories to the end of the Roman period in Britain and draws parallels between the history of Roman Britain and a wide range of other periods territories and themes including the modern experience of empires and national stereotypes ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Byzantium** Peter Sarris, 2015-07-23 After surviving the fifth century fall of the Western European Roman Empire the Byzantine Empire flourished as one of the most powerful economic cultural and military forces in Europe for a thousand years In this Very Short Introduction Peter Sarris introduces the reader to the unique fusion of Roman political culture Greek intellectual tradition and Christian faith that took place in the imperial capital of Byzantium under the emperor Constantine and his heirs Using examples from Byzantine architecture art and literature Sarris shows how their legacy was re worked and re invented in the centuries ahead in the face of external challenges and threats Charting the impact of warfare with the Persian and Islamic worlds to the east Sarris explores the creativity of Byzantine statecraft and strategy as well as the empire s repeated but ultimately forlorn attempts to enlist aid from the Christian powers of Western Europe to ensure its survival ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective

new ideas and enthusiasm to make interesting and challenging topics highly readable *The Roman Empire* Neville Morley, 2010-06-04 Over a millennium after the end of its unrivalled dominance the spectre of Rome figures highly in western culture This book explores what the empire meant to its subjects The idea of Rome has long outlived the physical empire that gave it form and now holds sway over vastly more people and a far greater geographical area than the Romans ever ruled It continues to shape our understanding of the nature of imperialism and influence the workings of the world It is through the lens of Rome that we answer questions such as How do empires grow How are empires ruled Do empires exploit their subjects or civilise them Rejecting the simplistic narrative of military triumph followed by decline and fall the book analyses the origins of Roman imperialism its wide ranging impact on the regions it conquered and its continuing influence in debates about modern imperialism

The Cambridge Companion to the Apostolic Fathers Michael F. Bird, Scott Harrower, 2021-06-17 A cutting edge introduction to a collection of early Christian writings that stem from a forgotten era in Christian history

[A Grand Tour of the Roman Empire by Marcus Sidonius Falx](#) Jerry Toner, 2022-02-03 Toner again spins a tale that is enjoyable and informative The Times Tour the Roman Empire at its height with Marcus Sidonius Falx and his amanuensis Dr Jerry Toner Travelling east Falx explores the great cultural centre of Athens before trekking into rural Asia or Turkey as we know it past the already ancient Luxor monuments in Roman Egypt and by the Great Library of Alexandria Travelling west across the breadbasket of the Empire he journeys through Gaul France before crossing to Britannia where he suffers the worst that provincial life has to offer Falx provides practical advice on surviving all things travel from pirates and shipwrecks to bedbugs and lousy food Even the most sedentary reader will feel they have experienced life in the Empire first hand

[The Romans](#), **The Romans** Abigail Graham, Antony Kamm, 2014-10-30 The Romans An Introduction 3rd edition engages students in the study of ancient Rome by exploring specific historical events and examining the evidence This focus enables students not only to learn history and culture but also to understand how we recreate this picture of Roman life The thematic threads of individuals and events political social legal military conflicts are considered and reconsidered in each chapter providing continuity and illustrating how political social and legal norms change over time This new edition contains extensive updated and revised material designed to evoke the themes and debates which resonate in both the ancient and modern worlds class struggles imperialism constitutional power checks balances the role of the family slavery urbanisation and religious tolerance Robust case studies with modern parallels push students to interpret and analyze historical events and serve as jumping off points for multifaceted discussion New features include Increased emphasis on developing skills in interpretation and analysis which can be used across all disciplines Expanded historical coverage of Republican history and the Legacy of Rome An expanded introduction to the ancient source materials as well as a more focused and analytical approach to the evidence which are designed to engage the reader further in his her interaction and interpretation of the material A dedicated focus on specific events in history that are revisited throughout the book that fosters a richer more in

depth understanding of key events New maps and a greater variety of illustrations have been added as well as updated reading lists A further appendix on Roman nomenclature and brief descriptions of Roman authors has also been provided The book s successful website has been updated with additional resources and images including on site videos from ancient sites and case studies which provide closer tutorial style treatment of specific topics and types of evidence Those with an interest in classical language and literature ancient history Roman art political and economic systems or the concept of civilization as a whole will gain a greater understanding of both the Romans and the model of a civilization that has shaped so many cultures

German Literature: A Very Short Introduction Nicholas Boyle,2008-02-28 German writers be it Goethe Nietzsche Marx Brecht or Mann have had a profound influence on the modern world This Very Short Introduction illuminates the particular character and power of German literature and examines its impact on the wider cultural world

The theory of the kingdom: A unified model of human agency Andrew Root,2024-01-02 This original monograph presents a comprehensive theory regarding the economy of the kingdom of God The theory and associated model will help individuals make better choices The research integrates fundamentals of the temporal real economy and the permanent economy of the kingdom of God to present a unified model of human agency According to the model effective agents are salt and light in the real economy arresting corruption and revealing the truth Effective agency produces life peace and growth Individual and organizational practices that arrest corruption and reveal truth can resolve longstanding economic grievances The list of spiritual credence goods is extensive and includes commonly known virtues such as humility patience and hope Spiritual goods are allocated based on the owner agent relationship The quantity of goods the owner supplies is in proportion to an individual s sacrificial offering of time and money Spiritual goods are stored as heart capital In a process analogous to the real economy heart labor applied to heart capital produces desirable outputs The owner relates to his agents through a heart inscribed behavioral contract The owner generally intervenes in the real economy by communicating with agents rather than by restricting choice Prior studies across economics finance and sociology prove the efficiency of behavioral contracts and communication over restricted choice Herein researchers will find new testable propositions and practitioners will find new ideas and practices to live better more consequential lives Examples of practical applications include methods of resolving group level bias and understanding the purpose of life s difficulties

Roman Imperialism Andrew Erskine,2010-05-28 The transformation of Rome from a small central Italian city state into the sole Mediterranean superpower has long proved fascinating and controversial At its height the Roman Empire extended from Britain in the North to Libya in the South and from Spain in the West to Syria in the East It has impressed not only by its extent but also by its longevity Andrew Erskine examines the course and nature of Roman expansion focusing on explanations ancient and modern the impact of Roman rule on the subject and the effect of empire on the imperial power All these topics have created a tremendous amount of discussion among scholars not least because the study of Roman imperialism has always been informed by contemporary

perceptions of international power relations The book is divided into two halves Part I treats some of the main issues in modern debates about Roman imperialism while Part II offers a selection of the most important source material allowing readers to enter these debates themselves Popular Culture in Ancient Rome J. P. Toner,2013-04-25 The mass of the Roman people constituted well over 90% of the population Much ancient history however has focused on the lives politics and culture of the minority elite This book helps redress the balance by focusing on the non elite in the Roman world It builds a vivid account of the everyday lives of the masses including their social and family life health leisure and religious beliefs and the ways in which their popular culture resisted the domination of the ruling elite The book highlights previously under considered aspects of popular culture of the period to give a fuller picture It is the first book to take fully into account the level of mental health given the physical and social environment that most people faced their overall mental health mirrored their poor physical health It also reveals fascinating details about the ways in which people solved problems turning frequently to oracles for advice and guidance when confronted by difficulties Our understanding of the non elite world is further enriched through the depiction of sensory dimensions Toner illustrates how attitudes to smell touch and noise all varied with social status and created conflict and how the emperors tried to resolve these disputes as part of their regeneration of urban life Popular Culture in Ancient Rome offers a rich and accessible introduction to the usefulness of the notion of popular culture in studying the ancient world and will be enjoyed by students and general readers alike **The Middle Ages** Miri Rubin,2014 The Middle Ages c 500 1500 includes a thousand years of European history In this Very Short Introduction Miri Rubin tells the story of the times through the people and their lifestyles Including stories of kingship and Christian salvation agriculture and trade Rubin demonstrates the remarkable nature and legacy of the Middle Ages **A Revolutionary Jesus** Jesse P. Nickel,2024-09-24 This book is about Jesus s perspective on violence the ways this is demonstrated in his ministry and its implications for Jesus s followers It begins by examining the nature and role of violence within Second Temple Jewish eschatology Eschatological violence violence connected in some way with eschatological expectations was an important factor in the world of Jesus and his contemporaries Many believed that God s long awaited deliverance was contingent on his people s taking up the sword against their oppressors thus demonstrating their zealous allegiance to the covenant In contrast Jesus articulated and enacted a vision for God s reign in which violence was completely disassociated both from the means of the kingdom s inauguration and from the character of those who belonged to it This was a kingdom defined by peace whose people would be identified by peacemaking exemplified by its Lord whose victory was accomplished in giving his own life Jesus s rejection of violence thus grew from the very core of his understanding of his task his identity and the character of the kingdom To be a disciple is to follow Jesus s teaching and example Therefore it is clear that violence should have no place in Christian praxis The Day Commodus Killed a Rhino Jerry Toner,2015-01-05 In ancient times the Roman games that heady cocktail of mass slaughter gladiatorial combat and chariot racing made strong

political social and cultural statements The Roman emperor Commodus wanted to kill a rhinoceros with a bow and arrow and he wanted to do it in the Colosseum Commodus's passion for hunting animals was so fervent that he dreamt of shooting a tiger an elephant and a hippopotamus his prowess was such that people claimed he never missed when hurling his javelin or firing arrows from his bow For fourteen days near the end of AD 192 the emperor mounted one of the most lavish and spectacular gladiatorial games Rome had ever seen Commodus himself was the star attraction and people rushed from all over Italy to witness the spectacle But this slaughter was simply the warm up act to the main event the emperor was also planning to fight as a gladiator Why did Roman rulers spend vast resources on such over the top displays and why did some emperors appear in them as combatants Why did the Roman rabble enjoy watching the slaughter of animals and the sight of men fighting to the death And how best can we in the modern world understand what was truly at stake in the circus and the arena In *The Day Commodus Killed a Rhino* Jerry Toner set out to answer these questions by vividly describing what it would have been like to attend Commodus' fantastic shows and watch one of his many appearances as both hunter and fighter Highlighting the massive logistical effort needed to supply the games with animals performers and criminals for execution the book reveals how blood and gore were actually incidental to what really mattered Gladiatorial games played a key role in establishing a forum for political debate between the rulers and the ruled Roman crowds were not passive they were made up of sophisticated consumers with their own political aims which they used the games to secure In addition the games also served as a pure expression of what it meant to be a true Roman Drawing on notions of personal honor manly vigor and sophisticated craftsmanship the games were a story that the Romans loved to tell themselves about themselves

Emperor of Rome Mary Beard, 2023-10-24 INSTANT NEW YORK TIMES BESTSELLER Best Books of 2023 New Yorker The Economist Smithsonian Most Anticipated Books of Fall Washington Post Los Angeles Times TODAY Literary Hub and Publishers Weekly A vivid way to re-examine what we know and don't about life at the top Emperor of Rome is a masterly group portrait an invitation to think skeptically but not contemptuously of a familiar civilization Kyle Harper Wall Street Journal A sweeping account of the social and political world of the Roman emperors by the world's most famous classicist Guardian In her international bestseller *SPQR* Mary Beard told the thousand year story of ancient Rome from its slightly shabby Iron Age origins to its reign as the undisputed hegemon of the Mediterranean Now drawing on more than thirty years of teaching and writing about Roman history Beard turns to the emperors who ruled the Roman Empire beginning with Julius Caesar assassinated 44 BCE and taking us through the nearly three centuries and some thirty emperors that separate him from the boy king Alexander Severus assassinated 235 CE Yet *Emperor of Rome* is not your typical chronological account of Roman rulers one emperor after another the mad Caligula the monster Nero the philosopher Marcus Aurelius Instead Beard asks different often larger and more probing questions What power did emperors actually have Was the Roman palace really so bloodstained What kind of jokes did Augustus tell And for that matter what really happened for example between the

emperor Hadrian and his beloved Antinous Effortlessly combining the epic with the quotidian Beard tracks the emperor down at home at the races on his travels even on his way to heaven Along the way Beard explores Roman fictions of imperial power overturning many of the assumptions that we hold as gospel not the least of them the perception that emperors one and all were orchestrators of extreme brutality and cruelty Here Beard introduces us to the emperor s wives and lovers rivals and slaves court jesters and soldiers and the ordinary people who pressed begging letters into his hand whose chamber pot disputes were adjudicated by Augustus and whose budgets were approved by Vespasian himself the son of a tax collector With its finely nuanced portrayal of sex class and politics Emperor of Rome goes directly to the heart of Roman fantasies and our own about what it was to be Roman at its richest most luxurious most extreme most powerful and most deadly offering an account of Roman history as it has never been presented before

Here Come The Romans John Powell,2019-08-23 Here Come the Romans is a progressive survey on the historical influence of Rome and how it influenced the times events customs religious institutions and specifically the life of Jesus the Jewish people and the New Testament Its progressive style guides the reader through a six hundred and seventy five year period of selected history to educate how Rome fitted the biblical narrative and story The Bible ascribes divine inspiration to the Scriptures but we often forget the human side The birth of prophecy or all Scriptures originated out of human struggles circumstances and situations This book will teach and inform Bible readers on the origins of parties sects authorities and the backgrounds of the times that influenced the writers as they wrote the New Testament books Rome had its starting point before 605 BC viz 753 BC but its presence in the land of Judea and Jerusalem was not solidified until a little more than a half century before the birth of Christ It emerged from a simple monarchy to a senate ruled republic into the world s first major superpower ruled by Caesars and Procurators The presence of Rome with Jews and Christians vastly affected the writings of all twenty seven books of the New Testament as we have them today

The Global Bioethics of Artificial Intelligence and Human Rights Dominique J. Monlezun,2020-07-22 Human annihilation has never been so easy Artificial intelligence guided genetic engineered nanotechnology and robotics AI GNR are widely recognized as our most transformative technological revolution ever yet we do not even have a common moral language to unite our pluralistic world to prevent an AI apocalypse should this revolution explode out of our control This book is the first known comprehensive global bioethical analysis of AI and AI GNR by defining the Thomistic Aristotelian personalist foundation of the rights and duties based social contract framework of the United Nations and then applying it to AI As such it creates a compelling approach which will appeal to scientists health professionals policy makers politicians students and anyone interested in our shared survival around shared solutions
