

THE PIGMAN

CHAPTER 1

SUMMARY

- John relates how he hated school, and used pull pranks at school such as putting firecrackers in the bathroom. He says that now that he is a sophomore, he has "given up that kid stuff," except for writing on desks.
- Lorraine, John relates, has had a "miserable look on her face ever since the Piggman died," but she has started to become livelier and more opinionated since they started working on the memorial.
- He and Lorraine had a disagreement about his use of curse words in the memorial, but reached a compromise when he agreed to represent curses like this: "G@#\$%", or "J@#\$%", for "the naughtiest curse you can think of."
- He says he has to go because Lorraine is "wanting to get at the typewriter."

Vickery, 2006-05-01 Lamentation of death is the traditional

elegiac focus but in the twentieth century the elegy has become characterized as well by the mourning of other kinds of loss those personal familial romantic cultural and philosophical privations and dispossessions that have so greatly shaped the modern sensibility According to John B Vickery a profound elegiac temper is itself the major trait of twentieth century culture registered in attitudes ranging from regret sorrow confusion anger anxiety doubt and alienation to outright despair He transforms our understanding of the elegy and its relation to modernism in *The Modern Elegiac Temper* Vickery offers in depth readings of a broad sampling of British and American poems written from World War I to the present He considers works of overlooked poets such as Vernon Watkins George Barker and Edith Sitwell while also attending to canonical writers such as T S Eliot Ezra Pound W H Auden and Wallace Stevens Taking a text oriented rather than author or theory oriented approach he discusses in turn the personal love cultural and philosophical elegy and shows how war the Great Depression the Holocaust and other major historical events influenced poets elegiac expressions By suggesting ways in which the individual centered concerns of the traditional elegy metamorphose under the depersonalizing lens of high modernism Vickery reveals the modern elegy to be a finely calibrated instrument for reading and expressing absorbing and reflecting the modern temperament
