through an experience of Pleiadian Lightwork It is an opportunity to awaken My experience of The Pleiadian Workbook Awakening Your DivineKa began on a golden spring day on the western slopes of Mt Shasta I had gone to the place where ladybugs come to dance as I call the small medicine wheel I helped build near my home On dry days hundreds of ladybugs emerge from the cushion of pine needles on the forest floor as I beat my drum their flight fills the air with hard orange bodies They walk about my arms and legs eagerly greeting me and cover a small cedar tree I often go to this place for pipe ceremonies with a friend to pray for the unfolding Divine Plan on Earth I also pray that I may know the most appropriate steps to take each moment to assist the unfolding plan Here with the dancing ladybugs the delicious scent of warm pine and the music of clear rushing water playfully slapping stoic gray boulders I saw that my friend Amorah would write her first book and that I would assist the birthing by editing her first draft manuscript and helping prepare her materials for submission to a publisher Several days later I broached the subject with Amorah Silence More silence I could see the faint flush of pink rising in her face embarrassment at contemplating something so grand A nervous laugh We'll see she stated in that I'm changing the subject now tone of voice Within weeks confirmation came from other unexpected sources The project was conceived By the time Amorah began to write and I began to edit I was working with the Pleiadian Emissaries of Light every day especially during sleep with the intention of transmuting anything beliefs thought forms genetic encoding karmic imprints behavioral patterns that in anyway hindered my full expression and embodiment of my Christ Presence With the assistance of these Pleiadians I carefully scrutinized my own life and body to determine what patterns I carried then I applied the techniques of Pleiadian Lightwork to make the needed transformation I noticed that I was beginning to read between the lines so to speak I seemed to have access to new information and knowing that was not in print in the book which I could immediately apply to my life Much of this new knowing was very practical and basic information for my physical well being
