A marvelously readable translation of the great Middle English classic of Christian mysticism now part of the beautifully designed Shambhala Pocket Library collection This anonymous fourteenth century text is the glory of English mysticism and one of the most practical and useful guides to finding union with God ever written Carmen Acevedo Butcher s new translation is the first to bring the text into a modern English idiom while remaining strictly faithful to the meaning of the original Middle English *The Cloud of Unknowing* consists of a series of letters written by a monk to his student or disciple instructing him or her in the way of Divine union Its theology is presented in a way that is remarkably easy to understand as well as practical providing advice on prayer and contemplation that anyone can use Previous translations of the Cloud have tended to veil its intimate even friendly tone under medieval sounding language Carmen Butcher has boldly brought the text into language as appealing to modern ears as it was to its original readers more than five hundred years ago **Infinite Reach**
