The Complete Far Side [in 3 Vols.] Gary Larson, 2014 **Gary Larson and The Far Side** Kerry D. Soper, 2018-07-03 Kerry D Soper reminds us of The Far Side's groundbreaking qualities and cultural significance in Gary Larson and The Far Side In the 1980s Gary Larson b 1950 shook up a staid comics page by introducing a set of aesthetic devices comedic tones and philosophical frames that challenged and delighted many readers even while upsetting and confusing others His irreverent single panels served as an alternative reality to the tame comedy of the family friendly newspaper comics page as well as the pervasive button down consumerism and conformity of the Reagan era In this first full study of Larson's art Soper follows the arc of the cartoonist's life and career describing the aesthetic and comedic qualities of his work probing the business side of his success and exploring how The Far Side brand as a whole with its iconic characters and accompanying set of comedic and philosophical frames connected with its core readers In effect Larson reinvented his medium by creatively working within pushing against and often breaking past institutional aesthetic comedic and philosophical parameters Due to the comic's great success it opened the door for additional alternative voices in comics and other popular mediums With its intentionally awkward minimalistic lines and its morbid humor The Far Side expanded Americans comedic palette and inspired up and coming cartoonists comedians and filmmakers Soper re-creates the cultural climate and media landscape in which The Far Side first appeared and thrived then assesses how it impacted worldviews and shaped the comedic

sensibilities of a generation of cartoonists comedy writers and everyday fans *Singular Sensations* Michelle Ann Abate,2024-09-13 What do The Family Circus Ziggy and The Far Side have in common They are all single panel comics a seemingly simple form that cartoonists have used in vastly different ways Singular Sensations is the first book length critical study to examine this important but long neglected mode of cartoon art Michelle Ann Abate provides an overview of how the American single panel comic evolved starting with Thomas Nast s political cartoons and R F Outcault s groundbreaking Yellow Kid series in the nineteenth century In subsequent chapters she explores everything from wry New Yorker cartoons to zany twenty first century comics like Bizarro Offering an important corrective to the canonical definition of comics as sequential art Abate reveals the complexity artistry and influence of the single panel art form Engaging with a wide range of historical time periods sociopolitical subjects and aesthetic styles Singular Sensations demonstrates how comics as we know and love them would not be the same without single panel titles Abate s book brings the single panel comic out of the margins and into the foreground **HCA Comics and Comic Art Auction Catalog #7021, Dallas, TX** Jim Steele,2010-04
