The Death Of Bees:

The Death of Bees Lisa O'Donnell, 2012-03-01 WINNER OF THE COMMONWEALTH BOOK PRIZE 2013 Today is Christmas Eve Today is my birthday Today I am fifteen Today I buried my parents in the backyard Neither of them were beloved Marnie and her little sister Nelly have always been different Marnie leads a life of smoking drinking and drugs Nelly enjoys playing the violin eating cornflakes with Coke and reading Harry Potter But on Christmas Eve the sisters have to join forces and put their differences aside And when Lennie the old guy next door starts to get suspicious it's only a matter of time before their terrible secret is discovered Death of Bees a Novel Lisa O'Donnell, 2004 The Death of Bees Lisa O'Donnell, 2013-01-02 Trying to keep the death of their parents a secret Marnie and her little sister Nelly are on their own until several residents in Glasgow's Hazelhurst housing estate suspect that something isn't right and as one lie leads to another dark secrets emerge threatening to tear the girls apart 40 000 first printing *The Funambulist Papers* Funambulist Papers, 2015-04-09 This book is the second volume of texts curated specifically for The Funambulist since 2011 The editorial line of this second series of twenty six essays is dedicated to philosophical and political questions about bodies This choice is informed by L opold Lambert's own interest in the often violent relation between the designed environment and bodies Corporeal politics do not exist in a void of objects buildings and cities on the contrary they operate through the continuous material encounters between living and non living bodies Several texts proposed in this volume examine various forms of corporeal violence racism gender based violence etc This examination however can only exist in the integration of the designed environment's conditioning of this violence As Mimi Thi Nguyen argues in the conclusion of this book's first chapter the process of attending to the body unhooded unveiled unclothed cannot be the solution to racism because that body is always already an abstraction an effect of law and its violence Although the readers won't find indications about the disciplinary background of the contributors the witty self descriptions at the end of the book being preferred to academic resumés the content of the texts will certainly attest to the broad imaginaries at work throughout this volume Dialogues between dancers and geographers between artists and biohackers between architects and philosophers and so forth provide the richness of this volume through difference rather than similarity The Funambulist Papers are published by the CTM Documents Initiative imprint Center for Transformative Media Parsons School of Design The New School CTM is a transdisciplinary media research initiative bridging design and the social sciences and dedicated to the exploration of the transformative potential of emerging technologies upon the foundational practices of everyday life across a range of settings

Apis mellifera L. Eugeney Eskov,2019-11-29 The book examines original information on the honey bee s adaptation to a
 wide range of environmental factors which have enabled it to adapt to life on all continents inhabited by humans It shows
 that the origin of the bee colony is associated with its transformation into an integral biological unit subjected to the action of
 natural selection and explains the contradiction between the eurythermia of the bee colony and the stochasticity of a single
 member of it Adaptations to long wintering which are based primarily on the ethological response to cooling are also
 considered as are specific acoustic and electrical signals used in the spatial orientation and communication of bees The book
