## **The Places In Between:**

The Places Between Words. Life is a Story - story.one Lara Aimee Endres,2023-08-29 The Places Between Words is a collection of poetry about the barriers of our own minds as well as those we face within society The poems illustrate how our insecurities and ruminations can make us feel completely adrift at times But they also show what we have to hold onto in those moments of self doubt whether that be the people around us daydreams about our surroundings or perhaps most of all words themselves This collection is meant to be a safe space and to validate the quiet voices the ones that rarely raise above a whisper Because a whisper is still a voice and it deserves to be heard *The Place Between the Pillars* Brandon Glossop,2017-02-24 He talked quickly and enthusiastically as the cocaine dripped down the back of his throat and he knew he was trying to impress the drug dealer He told him how the world shook if you were close enough and the blast was strong enough how up and down got mixed up and there was only colors and heat He told him how dirt and debris showered down on you tapping on your helmet and how for a moment it sounded and felt like rain He told him about the few seconds of silence that followed but then the apartment buzzer rang and he instantly remembered her waiting outside for him and the heroin The Places of Van Morrison's Songwriting Geoff Munns,2022-12-21 What can we learn about Van Morrison's life and work as a songwriter through his songs This book looks closely at the lyrics and music from a selection of his songs Some are very well known Brown Eyed Girl Cleaning Windows and The Healing Game Others are less familiar Through these songs the book offers insights into some of the most important ideas that the songwriter has explored across his five decade plus career starting from the Them period and extending through his solo albums These readings show how thinking about Morrison's use of place provides a specific lens that contributes to a greater understanding of his art The songs are organized into chapters that reflect many of the important places in Morrison's work as he ventured professionally and imaginatively away from the places of his upbringing towards a wider musical world These places are in city streetscapes and country landscapes in home places of streets and ditches in the enclosed spaces of rooms in the expansive reaches of the natural world in indeterminate and specific foreign lands A picture emerges of the journey that Van Morrison details through his songs one that sees him first wandering as a boy through his East Belfast haunts and then venturing out to a wider world away from this local place **The Places in Between** Rory Stewart,2006 Rory Stewart's moving account of his walk across Afghanistan in January 2002 was immediately hailed as a classic Caught between hostile nations warring factions and competing ideologies at the time Afghanistan was in turmoil following the US invasion Travelling entirely on foot and following the inaccessible mountainous route once taken by the Mogul Emperor Babur the Great Stewart was nearly defeated by the extreme hostile conditions Only with the help of an unexpected companion and the generosity of the people he met on the way did he survive to report back with unique insight on a region closed to the world by twenty four years of war Winner of the Royal Society of Literature Ondaatje Award and the Spirit of Scotland Award and shortlisted for the Guardian First

**The Philosophy of Zen Buddhism** Byung-Chul Han, 2022-08-29 Zen Buddhism is a form of Mah y na Buddhism that originated in China and is strongly focused on meditation It is characteristically sceptical towards language and distrustful of conceptual thought which explains why Zen Buddhist sayings are so enigmatic and succinct But despite Zen Buddhism s hostility towards theory and discourse it is possible to reflect philosophically on Zen Buddhism and bring out its philosophical insights In this short book Byung Chul Han seeks to unfold the philosophical force inherent in Zen Buddhism delving into the foundations of Far Eastern thought to which Zen Buddhism is indebted Han does this comparatively by confronting and contrasting the insights of Zen Buddhism with the philosophies of Plato Leibniz Fichte Hegel Schopenhauer Nietzsche Kierkegaard Heidegger and others showing that Zen Buddhism and Western philosophy have very different ways of understanding religion subjectivity emptiness friendliness and death This important work by one of the most widely read philosophers and cultural theorists of our time will be of great value to anyone interested in comparative philosophy and religion
