The Road to Oz John R. Neill, L. Frank Baum, 2021-10-25 The Road to Oz In Which Is Related How Dorothy Gale of Kansas, The Shaggy Man, Button Bright, and Polychrome, the Rainbow's Daughter, Met on an Enchanted Road and Followed it All the Way to the Marvelous Land of Oz. This is the fifth of L. Frank Baum's Land of Oz books.

The Road to Oz L. Frank Baum, 2016-04-06 Fully illustrated, this is the fifth book in the Oz series by L. Frank Baum. Dorothy and her friend Polychrome find themselves on a road through some strange places to the Land of the Winkies and on to beautiful Emerald City. But why are they there and how did they get there? Princess Ozma of Oz sent for them, and the Cowardly Lion and the Scarecrow of course to take part in her lavish birthday celebration.

The Road to Oz L. Frank Baum, 2015-11-05 Dorothy is near her home in Kansas when the story begins. She and her dog Toto first meet the Shaggy Man, a wandering hobo who carries the Love Magnet with him en route to avoid the town of Butterfield. Further on the road splits into seven paths. They take the seventh and soon meet Button Bright, a little boy in a sailor's outfit who is always getting lost. Later the companions meet Polychrome, the Rainbow's Daughter, a fairy who danced off the edge of the rainbow just as it disappeared. Dorothy, Toto, the Shaggy Man, Button Bright, and Polychrome soon come to the town of Foxville where anthropomorphic foxes live. With prompting from King Dox of Foxville, Dorothy deduces that she's on another fairy adventure that will ultimately lead her to Oz just in time for Ozma's birthday party, which is now acknowledged as August 21 by Oz fans even though the book only refers to the 21st of the month. Dorothy having mentioned that the current month is August in another passage, The King takes a particular liking to Button Bright, whom he considers astute and clever due to his tabula rasa-like mind. Believing that the human face does not suit one so clever, Dox gives him a fox's head. A similar event subsequently happens to the Shaggy Man when King Kik of a Bray of Dunkitons confers a donkey's head upon him also in reward for cleverness even though it's implied that Foxville and Dunkitons exist at odds with one another.
