Administration of Construction Contracts Santosh Srivastava,2016-04-08 A contract or an agreement is associated with almost everything wherein more than one person or party is involved Whether it s a marriage purchase of a property or construction of a project all need a proper contract and in turn they need resilient and robust contract administration Today large value and complex contracts have to cater to the needs of globalization increased regulations and the ever changing technologies These complexities have

contributed to an environment rendering administration of a contract difficult Therefore projects are prone to delays additional unforeseen expenses and may also all together lead to a project failure This has also led many organizations to view a contract as a tool to have undue control by imposing rigid standards and conditions oblivious to the fact that these may not always be to their advantage It is with this intent that this book has been written by an experienced contracts manager who has had a first hand experience of the struggle while going through a jargon of clauses and documents within a contract The basis of expectations requires an overall understanding of the contract and the author expects that this book comes handy to such a professional in his her pursuit of excellence *Qatar* John Whelan,1983 **The Maritime Laws of**

the Arabian Gulf Cooperation Council States Richard Price,Andreas Haberbeck,2023-12-04 The past ten years have seen rapid growth in the economic and maritime importance of the Arabian GCC states and an equally rapid modernisation of their domestic laws Nevertheless much of the maritime law and procedure in the region remains unknown or misunderstood both outside and even inside the region Since the region is likely to remain significant in terms of maritime commerce a better understanding of the law and regulations is required The Maritime Laws of Arabian Gulf Cooperation States is intended as a guide not only for lawyers concerned with maritime law in the Gulf region but also for all sectors of the shipping community with an involvement in the region After a brief description of the historical maritime and legal background Volume I discusses in detail the operation and application of GCC maritime law The major areas are analysed and placed in the context of the accepted regime of international maritime law The author finally draws some important general conclusions and looks to the future of maritime law in the Gulf including the movement for the unification of the laws of the GCC Volume II of the work contains translations of the major GCC maritime legislation as well as tables of International Conventions that have been ratified by the GCC States **The Maritime Laws of the Arabian Gulf**
