

## Introduction

### What is a Dashboard?

A Dashboard is a powerful, web-based tool capable of providing a consolidated view of organizational performance to executive level management using a balanced "scorecard" approach. By customizing a dashboard to measure and understand the key performance indicators and performance metrics, collaborative data analysis is made available resulting in optimum decision-making strategies.

## IT Dashboard Navigation

Shown below is an example of a standard page layout that allows users to select from the six main global and regional pages found on the Navigation Bar located on the left-hand side of the frame. To learn more about these different views, look further in this document.

**Navigation bar** offers links to allow quick and easy access to other pages within the IT dashboard.

Shown is the **title** of the particular dashboard screen chosen from the navigation bar.

**Date** indicates how recent the financial information is within the dashboard.
