**Tough Choices or Tough Times** National Center on Education and the Economy, 2015-06-10 Tough Choices or Tough Times the report of the New Commission on the Skills of the American Workforce shows how the dynamics of the global economy will lead to a steady decline in the American standard of living if this country does not undertake the first thorough overhaul of its education system in a century This new revised and expanded version of Tough Choices or Tough Times includes An updated Introduction A summary of the Commission s proposals Commentaries on the proposals by Denis Doyle Lawrence Mishel Michael Petrilli Diane Ravitch and Richard Rothstein with responses from members of the Commission Tough Choices or Tough Times provides a well researched analysis of the issues and a compelling set of proposals for changing our system of education      Funding Public Schools in the United States, Indian Country, and US Territories Philip Westbrook, Eric A. Houck, R. Craig Wood, David C. Thompson, 2023-05-01 The National Education Finance Academy has once again convened university faculty members state level administrators officials from state level chapters of the Association of School Business Officials and others to provide a single volume reference of school funding mechanisms for each of the states the District of Columbia Indian Country and the US territories This volume supplements the annual state of the state profiles produced by the National Education Finance Academy so that educators policymakers and researchers can have access to accurate and concise information on how K12 education functions are supported across multiple jurisdictions In addition each profile addresses state level efforts to provide education funding to support schools during the COVID 19 pandemic The second edition expands upon groundbreaking work in the first edition which for the first time reported comprehensively on the multiple jurisdictions and mechanisms impacting funding for Native American students by also reporting on policies and funding mechanisms for public schools in US Territories      **Report on the State Agricultural Experiment Stations**, 1938      **Broadening Participation in STEM** Zayika Wilson-Kennedy, Goldie S. Byrd, Eugene Kennedy, Henry T. Frierson, 2019-02-28 This book reports on high impact educational practices and programs that have been demonstrated to be effective at broadening the participation of underrepresented groups in the STEM disciplines      **The Daddy Shift** Jeremy A. Smith, 2009-06-01 A revealing look at stay at home fatherhood for men their families and for American society It s a growing phenomenon among American families fathers who cut back on paid work to focus on raising children But what happens when dads stay home What do stay at home fathers struggle with and what do they rejoice in How does taking up the mother s traditional role affect a father s relationship with his partner children and extended family And what does stay at home fatherhood mean for the larger society In chapters that alternate between large scale analysis and intimate portraits of men and their families journalist Jeremy Adam Smith traces the complications myths psychology sociology and history of a new set of social relationships with far reaching implications As the American economy faces its greatest crisis since the Great Depression Smith reveals that many mothers today have the ability to support families and fathers are no longer

narrowly defined by their ability to make money they have the capacity to be caregivers as well The result Smith argues is a startling evolutionary advance in the American family one that will help families better survive the twenty first century As Smith explains stay at home dads represent a logical culmination of fifty years of family change from a time when the idea of men caring for children was literally inconceivable to a new era when at home dads are a small but growing part of the landscape Their numbers and cultural importance will continue to rise and Smith argues that they must rise as the unstable global creative technological economy makes flexible gender roles both more possible and more desirable But the stories of real people form the heart of this book couples from every part of the country and every walk of life They range from working class to affluent and they are black white Asian and Latino We meet Chien who came to Kansas City as a refugee from the Vietnam War and today takes care of a growing family Kent a midwestern dad who nursed his son through life threatening disabilities and Kent s wife Misun who has never doubted for a moment that breadwinning is the best thing she can do for her family Ta Nehisi a writer in Harlem who sees involved fatherhood as the ultimate service to black people Michael a gay stay at home dad in Oakland who enjoys a profoundly loving and egalitarian partnership with his husband and many others Through their stories we discover that as America has evolved and diversified so has fatherhood

**Data Strategies to Uncover and Eliminate Hidden Inequities** Ruth S. Johnson, Robin Avelar La Salle, 2010-08-04 Uncover buried data to close the achievement gap Standardized test scores only reveal part of the story Many hidden factors contribute to the achievement gap and chronic low school performance The authors dramatically illustrate how to mine data from nontraditional sources disciplinary policies teacher attendance special education referrals and more to uncover and eliminate systemic inequities This solution focused guide helps teachers and leaders Ask the right questions Verify data that affects graduation rates special education placement and the achievement of English learners Effectively analyze data to improve student achievement Challenge the status quo and take action

*From Sugar Camps to Star Barns* Sally Ann McMurry, 2001 Rural Pennsylvania s landscapes are evocative richly textured testimonies to the lives and skills of generations of builders architects as well as local builders and craft workers Farmhouses and barns silos and fences even field patterns attest to how residents over the years have had a sense of place that was not only functional but also comfortable and aesthetically appropriate for the time *From Sugar Camps to Star Barns* tells the story of one such place a landscape that evolved in southwestern Pennsylvania s Somerset County Sally McMurry traces the rural life and landscape of Somerset County as it evolved from the earliest settlement days Eighteenth century residents were a forest people living on sparsely built farmsteads and making free use of the heavily forested landscape The makeshift sugar camp typified their hardscrabble lives In the nineteenth century the people of this area turned to farming Prompted by the market revolution that had come to Somerset County they pursued a highly varied agriculture combining a subsistence base with robust production of commodities shipped to distant cities Their landscape reflected this combination of the local and the cosmopolitan a

combination that reached its full expression in the distinctive two story banked farmhouse with double decker porch flanked by a substantial Pennsylvania barn The twentieth century brought a more industrialized agriculture to Somerset County But the shift to profit and loss farming also meant the accentuation of landscape elements specific to market products The magnificent star barns of this era overshadowed the houses and ancillary structures such as peep houses and silos spoke to the pressures of efficiency and mass production The subsequent rise of coal mining helped to stimulate this trend both by supplying local markets and by creating an incentive for farmers to visually distinguish their landscapes from those of the coal patch towns Illustrated with over 100 photographs maps drawings and diagrams From Sugar Camps to Star Barns demonstrates how much we can learn about the economy and culture of a particular place simply by being attentive to the built landscape *Report on the Work and Expenditures of the Agricultural Experiment Stations* United States. Agricultural Research Service,1936
