traveled to my mothers funeral back in Sweden in 1999 I realized that my role had changed drastically I was now the older
generation and the guardian of my parents legacy The fact that I am an only child makes this responsibility even more
poignant I reflected on these things as I met friends and relatives at the funeral some of whom I had not seen for more than
25 years Most of them lived only a short distance from where they were born I on the other hand had left my home port and
tied up for longer or shorter periods in several places on another continent My relatives find much of their sense of belonging
in their surroundings and familiar places Having lived in eight different homes in four states in America and two countries
since my wife and I were married my sense of belonging is somewhat less geographically based I will describe some of the
formative events and adventures that have brought me to retired life in Colorado and near the foothills of the Rocky
Mountains There have been many changes and surprising turns on this journey of life But some things have not changed my
