Qualitative Research Interviewing Biographic Narrative And Semi Structured Methods:

Qualitative Research Interviewing Tom Wengraf, 2001-05-09 Wengraf provides a comprehensive theoretical and practical guide to the planning conduct and interpretative analysis of data by semi structured interviewing methods. Forthright and frank in his comments about the limitations and practical implications of varying choices which investigators have to make in designing their research projects. Reading this text is like having a tough but expert and caring mentor who wants you to do the best research possible but will not hesitate to tell you when your ideology and assumptions skew that possibility. Vincent W Hevern, Le Moyne College, USA. Unique in its conceptual coherence and the level of practical detail, this book provides a comprehensive resource for those concerned with the practice of semi structured interviewing, the most commonly used interview approach in social research and in particular for in depth biographic narrative interviewing. It covers the full range of practices from the identification of topics through to strategies for writing up research findings in diverse ways. *Qualitative Research Interviewing* Tom Wengraf, 2001

Now offering more balance between applied research and evaluation, this Fourth Edition illuminates all aspects of qualitative inquiry through new examples, stories, and cartoons; more than a hundred new summarizing and synthesizing exhibits; and a wide range of new highlight sections, sidebars that elaborate on important and emergent issues. For the first time, full case studies are included to illustrate extended research and evaluation examples. In addition, each chapter features an extended rumination written in a voice and style more emphatic and engaging than traditional textbook style about a core issue of persistent debate and controversy. *The Sage Encyclopedia of Qualitative Research Methods: A-L ; Vol. 2, M-Z Index* Lisa M. Given, 2008-08-21 An encyclopedia about various methods of qualitative research. **New Qualitative Methodologies in Health and Social Care Research** Frances Rapport, 2004-08-02 This edited volume brings together innovative contributions from a range of health and social care professionals and research scientists who are interested in introducing new approaches to qualitative research into the world of health and social care. A range of methodologies including discourse analysis, imagework, cut up technique, minimalist, passive interviewing technique, and social action research are discussed along with their histories, methods, and their applicability to practice. Illustrated by examples drawn from clinical and practice

settings the book also explores recent developments and their implications for and impact on delivery and good practice evaluation in health and social care The book encourages an in depth appreciation of the concept of evidence what it means how it is arrived at and the consequences of it being applied and enables health and social care professionals academics and students to learn more about new qualitative methodologies broadens understanding of notions of good practice encourages new thinking about the application of methodologies to practice

Varieties of Qualitative Research Methods Janet Mola Okoko, Scott Tunison, Keith D. Walker, 2023-01-01 This book is a compilation of more than 70 qualitative research concepts that are used by researchers and practitioners in the social sciences and humanities The concepts include methods and methodologies applied in qualitative research in various contexts Each concept is a standalone chapter that is authored by a researcher or practitioner who has had some scholarly experience with it The chapters are alphabetized using the titles of the concepts to provide easy access for readers They follow a prescribed outline which ensures homogeneity in the layout of the book Each chapter starts with a brief historical background of the concept followed by a concise description of the concept and the process used in its application Readers are then provided with the possible ways in which the concept can be used and its benefits Each chapter concludes by providing readers with some strengths and limitations of the concept and a list of references that authors have used in the chapter

Narrative Research in Nursing Immy Holloway, Dawn Freshwater, 2009-07-23 Narrative research is an increasingly popular way of carrying out qualitative research by analysing the stories or experience The findings of this type of qualitative research can be used to improve nursing education nursing practice and patient care and to explore the experience of illness and the interaction between professionals Narrative Research in Nursing provides a comprehensive yet straightforward introduction to narrative research which examines the skills needed to perform narrative interviews analyse data and publish results and enables nurse researchers to use the method systematically and rigorously Narrative Research in Nursing examines the nature of narratives and their role in the development of nursing and health care Strategies and procedures are identified including the practicalities of sampling data collection analysis and presentation of findings The authors discuss authenticity of evidence and ethical issues while also exploring problems and practicalities inherent in narrative inquiry and its dissemination Narrative Research in Nursing is a valuable resource for nurses interested in writing and publishing narrative research

Discourses, Dialogue and Diversity in

Biographical Research, 2021-05-31 This book explores how narratives are deeply embodied engaging heart soul as well as mind through varying adult learner perspectives Biographical research is not an isolated individual solipsistic endeavor but shaped by larger ecological interactions in families schools universities communities societies and networks that can create or destroy hope Telling or listening to life stories celebrates complexity messiness and the rich potential of learning lives The narratives in this book highlight the rapid disruption of sustainable ecologies not only natural physical and biological but also psychological economic relational political educational cultural and ethical Yet despite living in a precarious and often frightening liquid world biographical research can both chronicle and illuminate how resources of hope are created in deeper aesthetically satisfying ways Biographical research offers insights and even signposts to understand and transcend the darker side of the human condition alongside its inspirations Discourses Dialogue and Diversity in Biographical Research aims to generate insight into people's fears and anxieties but also their capacity to keep on keeping on and to challenge forces that would diminish their and all our humanity It provides a sustainable approach to creating sufficient hope in individuals and communities by showing how building meaningful dialogue grounded in social justice can create good enough experiences of togetherness across difference The book illuminates what amounts to an ecology of life learning and human flourishing in a sometimes tortured fractious fragmented and fragile world yet one still offering rich resources of hope

Identity Revisited and Reimagined Sangeeta Bagga-Gupta, Aase Lyngvær Hansen, Julie Feilberg, 2017-07-06 In contrast to other studies on identity this book takes its point of departure in the complexities that characterize and shape both individuals and societies past and present Its chapters challenge demarcated fields of study and conceptions of identity as gender identity as functional disability identity as race and identity as or based upon language groupings The contributions take a social practices perspective in their exploration of the performance living and doing of identity positions across time and space Many of the contributions take an intersectional stance and the majority report upon empirically driven studies that examine the ways in which micro level analyses of naturally occurring human communication contribute to our understanding of identification processes Specifically they study the ways in which more recent dialogical and social theoretical analytical frameworks allow for attending to the complexity and dynamics of identity processes the ways in which institutional settings media settings community of practices and affinity spaces provide affordances and obstacles for different types of identity positions and the ways in which shifts in identity positions can be traced across time and space
