

What is Quantum Healing Hypnosis TechniqueSM (QHHT®)?

Quantum Healing Hypnosis TechniqueSM (QHHT®) is a beautiful method developed by Dolores Cannon over several decades of practice in hypnosis with thousands of clients. This technique will very quickly allow people to access that part of themselves that has all of the answers and receive instantaneous healing if it's appropriate.

Many people call this part the Higher Self, the Over Soul, the Super Conscious; Dolores didn't know what to call it, so she called it the Sub Conscious – we have now started using the shortened term the SC. Clients are able to see for themselves and have a much clearer understanding of why situations and circumstances are the way they are and then create change as appropriate.

Raven, 2015-09-26 BONUS Includes Audio recordings of the actual routines in the book All 700 of them Download Link found inside It will give added insights on the overall game strategy to put back routines that were missed in standard teachings from routine based systems that only produced Social Robots The mistake of the old teachings is they had you memorize random routines although were useful Were simply out of context in the flow of conversations from the sets or targets If you were naturally talking about Cars you had to transition into talking about Cs and U smiles and gay cats That's retarded True routine game does not need you to force segue routines just so you can use them You have to roll with the punches devastating blows at that and flow naturally The feeling should be as effortless as if you were doing Natural game or engaged in normal conversations with real people This book has enough canned materials or templates that can be customized and reworded highly encouraged to fit exactly how you converse and your own unique game styles and personality As with the problem of those doing routines They only had a miniscule collection of routines memorized They were obscure topics out of the way in typical conversations and not easy to implement in conversations This is because the Seducer has no way to INTERNALIZE
