Corneille and Racine Gordon Pocock, 1973-10-18 This study highlights that both Corneille and Racine were living writers struggling to create developing forms within the strait jacket of neo classical decorum **Racine's Iphigénie** Russell Pfohl, 1974 **Inter Disciplinas Ars** Michel Butor, 1998 *Questioning Racinian Tragedy* John Campbell, 2005 Noting significant differences between the individual tragedies of Racine and the many current notions of what Racinian tragedy is deemed to imply John Campbell explores the identity and meaning of the modern Racine He asks if any one critical paradigm

Racine, and the French Classical Drama Charlotte Bury, 1845 , **Racine, and the French Classical Drama** Baroness Marie Pauline Rose Blaze de Bury, 1845 La Gloire Louis Auchincloss, 1996 In a charming collection of elegant essays one of the twentieth century's leading men of letters turns his vast knowledge and worldly authority to the texts of two seventeenth century French dramatists Louis Auchincloss considers sixteen plays by Pierre Corneille 1606-84 and his younger theatrical rival Jean Racine 1639-99 Musing on the ideas that informed the court of the Sun King and on what classical allusions meant to them Auchincloss offers thoughtful readings new translations and a wealth of shrewd observations about French classic tragedy passion self sacrifice self aggrandizement and civic and military glory Auchincloss lets the grand voices of Corneille's and Racine's heroes and heroines speak while calling attention to details and discoveries that illumine aspects of both seventeenth century and twentieth century culture He specifically considers the theme of gloire the lofty destiny or mission that the hero and more rarely the heroine has set for himself and for which he would willingly sacrifice the most passionate romance closest friendship or dearest family ties While gloire is more commonly associated with Corneille than with Racine Auchincloss demonstrates that these French masters were capable of swapping predilections when it came to the Roman plays **Racine's Roman Tragedies**, 2022-01-17 In two of his most famous plays Britannicus and Bérénice Racine depicts the tragedies of characters trapped by the ideals desires and cruelties of ancient Rome This international collection of essays deploys cutting edge research to illuminate the plays and their contexts For Racine Rome is more than a location it is a set of values and traditions a space of opportunity and oppression The contributors to this volume examine Racine's stagecraft his exploration of time and space sound and silence and the ways in which he develops his own distinctive understanding of tragedy The reception of his plays by contemporaries and subsequent generations also features In Racine's hands Rome becomes a state of mind haunted by both past and future This book's dedicatee Richard Parish passed away on January 1st 2022 just before publication We would like to dedicate this collection of essays to his memory

An Introduction to the French Poets Geoffrey Brereton, 2022-07-10 The French poetry of some five centuries is here surveyed in a series of studies of the work and personality of individual poets from Villon to the present day Each chapter is primarily concerned with establishing the literary identity of the poet or poets with whom it deals the work of each is outlined and related to the historical and biographical circumstances in which it was written and its characteristics are then examined

critically in terms relevant to the modern reader Comparisons are made between different poets and more general topics such as the concepts of classic and baroque are discussed This book first published in 1956 had become a standard introductory work for students of French poetry and general readers alike For this revised edition originally published in 1973 new chapters have been added on irregular seventeenth century poets and on various modern poets whose work now enables the Surrealist movement to be seen in clearer perspective The bibliography has been revised extensively Le Parnasse Français James Parton,1877 *Dictionnaire De Physique* Pierre Bertholon,Jean-Dominic comte jun. II Cassini,1819 Grammaire des grammaires Charles Pierre Girault-Duvivier,1879 **Revue des cours et conférences** ,1894 *Racine* Auguste Charaux,1881 *Théâtre complet de J. Racine.
