In This Place Henry Neufeld, 2012-07 The events of our lives are bound up in places The places of our lives and our experiences in these places help shape our identity People form strong attachments to places where they are born or where they have spent most of their lives Places are given meaning and remembered by our experiences in those places There is a deep association with and the places where we were born and grew up where we live now or where we have had particularly moving experiences This association is a point of departure from which we orient ourselves in the world

Encyclopedia of American Short Films, 1926-1959 Graham Webb, 2020-07-10 Short subject films have a long history in American cinemas These could be anywhere from 2 to 40 minutes

long and were used as a filler in a picture show that would include a cartoon a newsreel possibly a serial and a short before launching into the feature film Shorts could tackle any topic of interest an unusual travelogue a comedy musical revues sports nature or popular vaudeville acts With the advent of sound on film in the mid to late 1920s makers of earlier silent short subjects began experimenting with the short films using them as a testing ground for the use of sound in feature movies After the Second World War and the rising popularity of television short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s

The Holocaust Jeremy Black,2024-06-04 In *The Holocaust History and Memory New Edition* Jeremy Black revisits his brilliant and wrenching account of the brutal mass slaughter of Jews during World War II and the subsequent remembrance and misremembering of this genocide Black challenges the prevailing view that separates the Holocaust from Germany's military objectives with compelling evidence that Germany's war on the Allies was deeply intertwined with Hitler's war on Jews As Hitler expanded his control over more territories the extermination of Jews became a significant war aim particularly in the east Long before the establishment of extermination camps the German army and collaborators carried out mass shootings resulting in the deaths of many and the extermination of entire Jewish communities Notably Rommel's attack on Egypt was a crucial step toward the larger goal of annihilating 400 000 Jews living in Palestine Additionally Hitler interpreted America's initial focus on war with Germany rather than Japan as evidence of influential Jewish interests in American policy which further justified and escalated his war against Jewry through the Final Solution In chilling detail Black also unveils compelling evidence that many ordinary Germans must have been aware of the genocide happening around them *The Holocaust History and Memory New Edition* is an essential concise and highly readable history Now extensively revised and updated it continues to offer a powerful testimony to those forever silenced by the Holocaust ensuring that their horrifying fate will never be forgotten
