Business Leaders Myra Weatherly,2009 Even as a child Ralph Lauren was always intrigued by the lifestyle of the rich and as he became an adult he channeled all of his efforts into not only becoming successful enough to have that lifestyle but in creating his own version of it Known for his unique and sophisticated personal style Lauren began working in the fashion industry in the 1960s and before long he had gone from working as salesmen to a designer creating men s tie and suits that reflected his own view of the world Many doubted the Bronx born designer but Lauren persisted until his Polo line of clothes became famous throughout the world But there was more to running his business than just designs and Lauren faced many challenges He frequently clashed with his investors who were unable to understand his singular view and ambition and he struggled with the decision to license his name and image out to other manufacturers even when it seemed to be the only way to pay the bills Still he persisted and his clothes didn t just make Ralph Lauren a wealthy man they helped define the style of the twentieth century Book jacket

Ralph Lauren Colin McDowell,2003 Ralph Lauren is the first designer in the history of fashion to create clothes so archetypal of their time and place that they have almost come to symbolize a nation Largely ignoring the vagaries of fashion change he has taken the best of the past and recast it for the present and in so doing has given international cachet to the weft and warp of American life its history geography and culture Colin McDowell not only tells the life story of Ralph Lauren his beginnings as a tie salesman to the opening of his first store in New York and then the making of his empire but he examines the roots of Lauren s Americana and what has inspired him whether it be Hollywood in the days of Grace Kelly and Gary Cooper cowboys or yachting and the America s cup Colin McDowell has been given unprecedented access to the behind the scenes world of
