Ranching Now Then And Way Back When:

Ranching : Now, Then, and Way Back When-- Cox, Doug, 2004 **Bronc Busters and Hay Sloops** Ken Mather, 2011-02-01 Bronc Busters and Hay Sloops tells the story of ranching in the West from the beginning of the Great War until 1960 Cowboy soldiers bronc busters First Nations upper crust Englishmen and the strong capable women of ranching country theirs are the stories told in this book Some of these characters are larger than life such as Joe Coutlee cow boss of the Douglas Lake Ranch whose booming voice gave him the nickname Roaring Bill Grover Hance who roped one of his men and tied him to a tree until he sobered up Florence Bunch Trudeau whose pet moose got a little too big for comfort Ollie Matheson one of the only women to ride in the Williams Lake Stampede s death defying Mountain Race Anne Paxton who tended cattle guided big game hunters ran pack horses and a ranch Bill Arnold who could ride anything that wore hide Ken takes readers inside sprawling ranches which were self contained communities in themselves and small family run homesteads scratched out of the wilderness Like his first book on ranching history Buckaroos and Mudpups this is an engaging look at fascinating times and the people who made them so *Crossing Home Ground* David Pitt-Brooke, 2016-11-12 Like John Muir David Pitt Brooke stepped out for a walk one morning a long walk of a thousand kilometres or more through the arid valleys of southern interior British Columbia He went in search of beauty and lost grace in a landscape that has seen decades of development and upheaval In Crossing Home Ground he reports back providing a day by day account of his journey s experiences from the practical challenges dealing with blisters rain and dehydration to sublime moments of discovery and reconnection with the natural world Through the course of this journey Pitt Brooke s encounters with the natural world generate starting points for reflections on larger issues the delicate interconnections of a healthy landscape and most especially the increasingly fragile bond between human beings and their home places There is no escaping the impact of human beings on the natural world not even in the most remote countryside but he finds hope and consolation in surviving pockets of loveliness the kindness of strangers and the transformative process of the walking itself a personal pilgrimage across home ground Crossing Home Ground is a book that though rooted in one specific place and time will evoke a universal sense of recognition in a wide variety of readers It will appeal to hikers natural history enthusiasts and anyone who loves the wild countryside and is concerned about the disappearance of Canada s natural spaces Pitt Brooke s grassland odyssey is sure to become a classic of British Columbia nature writing *An Old Story of my Farming Days* Fritz Reuter, 2018-05-15 Reproduction of the original An Old Story of my Farming Days by Fritz Reuter *Where the Hell's the Time Gone? A Life in Farming* Tom Evans, 2023-10-07 Well known shearing commentator Evans discusses his farming life from a tough post war childhood with no mother tractor or car to days on shearing gangs and in hedge laying competitions to his own sheep farming commentating and his impact on policy through work with the National Farmers Union

Rocky Mountain Angel: Six Pack Ranch #4 Vivian Arend,2017-02-16 An Old Story of My Farming Days Fritz Reuter,1878 **Stewards of the Grasslands** Dana Reiter,2023-10-16 This book offers a series of interviews with Canadian ranchers that highlight the innovative and effective ways that they manage vast swaths of grassland for two complementary goals commercial viability and sustainable habitats The book s author is an academic who grew up among ranchers in the grasslands of Canada and the expertise and viewpoints she has distilled from these interviews complement the academic literature in accessible and surprising ways As these productive landscapes face increasingly perilous threats such as development economic pressures and extreme weather events it is the ranchers who live on and manage these native grasslands who are passionate about conserving them This book is about them their experiences and the realities of their lives their view of the world sharing their knowledge to assist younger ranchers and their contributions to Canada s species

at risk conservation goals food security and economy The book offers practical advice for ranchers but also reveals the depth of attachment and dedication these ranchers have for the grasslands They are conservationists at heart as they not only understand that their livelihood is dependent on the health of the ecosystem they manage but they also have a deep connection to the land nurtured oftentimes for many generations Academics and ranchers have much to learn here but the book most of which is the words of the ranchers themselves is written to give the general public an understanding of this vocation and its role in the conservation of our last remaining grasslands

The Old German Baptist Brethren Charles D. Thompson Jr., 2010-10-01 Since arriving nearly 250 years ago in Franklin County Virginia German Baptists have maintained their faith and farms by relying on their tightly knit community for spiritual and economic support Today with their land and livelihoods threatened by the encroachment of neighboring communities the construction of a new highway and competition from corporate megafarms the German Baptists find themselves forced to adjust Charles D Thompson Jr s The Old German Baptist Brethren combines oral history with ethnography and archival research as well as his own family ties to the Franklin County community to tell the story of the Brethren s faith on the cusp of impending change The book traces the transformation of their operations from frontier subsistence farms to cash based enterprises connecting this with the wider confluence of agriculture and faith in colonial America Using extensive interviews Thompson looks behind the scenes at how individuals interpret their own futures in farming their hope for their faith and how the failure of religiously motivated agriculture figures in the larger story of the American farmer
