*Understanding Deleuze Understanding Modernism* explores the multi faceted and formative impact of Gilles Deleuze on the development and our understanding of modernist thought in its philosophical literary and more broadly cultural manifestations Gilles Deleuze himself rethought philosophical history with a series of books and essays on individual philosophers such as Kant Spinoza Leibniz Nietzsche and Bergson and authors such as Proust Kafka Beckett and Woolf on the one hand and Bacon Messiaen and Pollock among others in other arts This volume acknowledges Deleuze s profound impact on a century of art and thought and the origin of that impact in his own understanding of modernism

*Understanding Deleuze Understanding Modernism* begins by conceptualizing Deleuze by offering close readings of some of his most important works The contributors offer new readings that illuminate the context of Deleuze s work either by reading one of Deleuze s texts against or in the context of his entire body of work or by challenging Deleuze s readings of other philosophers A central section on Deleuze and his aesthetics maps the relationships between Deleuze s thought and modernist literature The volume s final section features an extended glossary of Deleuze s key terms with each definition having its own expert contributor      *Australian Book Review* ,1998
